WEATHER FORECAST

For 36 hours ending 5 p. m. Saturday:
Victoria and vicinity—Southerly winds, partly cloudy and cool, with showers.

Victoria Daily Times

WHERE TO GO TO-NIGHT

Royal—Orpheum Vaudeville.
Pantages—Vaudeville.
Dominion—The Right of Way.
Variety—Cleopatra.
Columbia—Uneasy Money.

VOL. 56. NO. 126 | VICTORIA, B. C., FRIDAY, MAY 28, 1920 | TWENTY EIGHT-COLUMN PAGES

MORE TAXATION RULINGS ANNOUNCED

Mr. Lloyd George to Talk With Krassin, Bolshevik Minister

London Times Says Curzon Also Will Meet Soviet Minister of Trade and That Negotiations Will Be Wider Than at Present Acknowledged.

London, May 28.—Premier Lloyd George will meet Gregory Krassin, Russian Bolshevik Minister of Trade and Commerce, this week, says The Times, which also mentions a rumor "circulated through channels closely in touch with the Prime Minister's entourage," that both the subject of negotiations and the persons engaged in them "would be more widely extended than at present acknowledged." It is said that Earl Curzon, Secretary for Foreign Affairs, will, in addition to Mr. Lloyd George, confer with M. Krassin.

M. Krassin will propose, among other things, says the newspaper, to put ingots of Russian gold, stamped with the seal of the old Russian Government, on the British market, and it is believed the main object of his visit here is to obtain a general license to send such gold to the United Kingdom and sell it here. The Times adds:

"By receiving Russian gold, stolen by the Soviet, we would be virtually recognizing the Soviet Government. It is impossible to dissociate the two ideas of trade relations and official recognition. It is absurd to imagine the two countries can trade with each other and not have diplomatic relations."

"Pretence."

The newspaper, which is equally hostile against the Prime Minister and the Bolsheviki, denounces the "pitiful and dishonest pretence that negotiations are not between the Soviet and the British Government," and ironically congratulates Nikolai Lenine and Mr. Lloyd George upon the "success with which they have at last carried their point."

MANY HOUSES TO BE BUILT IN CHICAGO

Chicago, May 28.—The Chicago Housing Association has secured options on two extensive plots and proposes to erect 10,000 new homes, 2,000 of which are expected to be ready before next Winter.

PRESIDENT'S VETO NOT OVERTURNED

Vote in U. S. House Does Not Override Wilson's Peace Resolution Veto

Washington, May 28.—An effort to override President Wilson's veto of the Republican peace resolution failed to-day in the House. The vote was 219 in favor of overriding the veto, to 152 against, or 29 less than the required two-thirds majority.

Two Republicans, Representatives Kelly, of Michigan, and Fuller of Massachusetts, voted to sustain the President's veto while seventeen Democrats joined the Republican majority in an effort to override it.

FRENCH WOMEN EXPRESS SYMPATHY

Send Message to War-bereaved American Women For Memorial Day

Paris, May 28.—Sisterly affection and deepest sympathy for the women of the United States whose husbands, sons, brothers or sweethearts fell during the war are expressed in a message received by the Paris American Memorial Day committee from the Society of French Homes, the members of which are French women who know the sorrows of war and heartaches that attend it. The message, which was inspired by the approach of the Memorial Day and the arrival of many sorrowing American women here, says in part:

You come to kneel by the graves of your beloved, the heroic defenders of our cause, whose mortal remains rest under the soil of France—our France—which is so proud to cradle their sacred bodies. How well we understand the emotions and thoughts that sleep in your hearts as you dwell on numberless recollections of those dear ones, who are so more.

"Our Society of French Homes longs to aid you in every way across the tedious stages of the sad journey which leads you to the last resting place of your dead. May you feel that which we French women wish so much to feel—that our lost ones are invisable, but not wholly beyond our ken. United in this immortal hope, we offer you our faithful affection."

MAJ. ANDREWS, M.P., HAS HEMORRHAGE

Winnipeg Member Unable to Speak on Budget Until Next Week

Committee Deciding Indian Enfranchisement Will Report Next Week

Ottawa, May 28.—(Canadian Press)—Major G. W. Andrews, member for Centre Winnipeg, is suffering from a slight hemorrhage, and will not be able to speak on the budget until Tuesday.

He was to have occupied the floor last night, but was seized suddenly with violent coughing. Dr. W. W. Chisholm attended him, and he was conveyed home.

Guarded.

During the debate last night James Douglas, Strathcona, declared that the tariff for revenue purposes was guarded in the present budget. He had found nothing constructive in the Fielding amendment or the Progressives' criticisms. It was necessary to resort to every measure to secure funds to meet Canada's debt, and he proposed to vote for the budget.

Must Be Settled.

G. B. Nicholson, Algoma East, said that before the country could settle down the question of free trade versus a moderate tariff had to be settled. He quoted the Premier of Ontario, Hon. E. C. Drury, an out-and-out free-trader, as stating that the increase in the cost of producing foodstuffs on Ontario farms through the tariff was only four-fifths of one per cent. He declared that much of the unrest in the country was due to statements made for political purposes by members of the House and public men.

Mr. Nicholson charged Hon. T. A. Crerar with heading the greatest combine in Canada.

(Concluded on page 4.)

SCANDALOUS, PREMIER SWEARS BEFORE COURT

Under Oath He Denies Elliott Charges; Calls Defence "Malicious"

Premier Oliver, in sworn statements in his affidavit that came out to-day, emphatically and absolutely denies as "false in every detail" the charges brought against him in the famous last-hour telegrams sent to the Legislature by R. T. Elliott, K.C., Dolly Varden counsel.

The affidavit was made in the $50,000 libel action that the Premier has brought against Mr. Elliott for his attack.

M. B. Jackson, K.C., M.P.P., acting for the Premier, and H. A. Maclean, K.C., for Mr. Elliott, appeared before Mr. Justice Macdonald to-day to draw up the order following yesterday's developments whereby the court decided that the Elliott defence must be confined to the facts at issue and cannot bring in sensational outside and irrelevant questions aiming to prejudice the trial and cloud the issues.

Calls Defence Scandalous.

"I brought this action against the defendant for damages by reason of certain distinct, explicit and isolated defamatory allegations made by the defendant, charging me with personal grafting and wrongful and wanton acts alleged by the defendant to have been committed by me for the purpose of my making illicit and improper money profit or gain, and misconduct on my part in public office for personal profit and gain," states Premier Oliver under oath in his affidavit.

"The defendant in his statement of defence has undertaken to introduce and spread upon the pleadings in his defence a mass of altogether unrelated and distinctly different and irrelevant defamatory charges against myself which have no connection or relation with the matters of grafting or misconduct for personal illicit money profit of which I complain in this action, and all such allegations by the defendant so spread upon his statement of defence are superfluous, unnecessary and scandalous and tend to prejudice and embarrass me in this action and to delay the fair trial of the action.

(Concluded on page 4.)

JAPANESE-RUSSIAN FIGHT IN SIBERIA ENDED ON MAY 25

London, May 28.—Hostilities between the Russians and Japanese in Siberia ceased on May 25, according to a Reuter dispatch from Vladivostok dated Wednesday.

The dispatch also reports the arrival of the Russo-Japanese armistice commission at Khabarovsk.

AGAINST HUNGARY SIGNING TREATY

Frederich, Former President, Protests in Parliament Against the Terms

Budapest, May 26.—Via London, May 28.—Stephen Frederich, former President, who is described by the people as the hero of two revolutions and who is violently opposed to Hungary signing the peace treaty, protested in Parliament to-day against Hungary entering the compact.

"This House now is applauding the work of the peace delegation in the same idiotic manner as when it cheered the declaration of war," said Herr Frederich.

STILL THINKS BILL UNCONSTITUTIONAL

Senator Belcourt Not Satisfied by Justice Department Regarding Coal Director

Ottawa, May 28. — (Canadian Press).—In the Senate yesterday, introducing for second reading a bill to continue the office of Director of Coal Operations in Alberta, Senator Robertson said in answer to Senator Belcourt that he had consulted the Department of Justice as to the constitutionality of the legislation and had been assured that it was not ultra vires.

Senator Belcourt, replying, said that despite the opinions of the Department of Justice, he was still of the opinion that the bill was unconstitutional.

Australian Treasurer Has Scheme for Empire Debts

London, May 28.—(Canadian Associated Press)—Hon. W. A. Watt, Treasurer of the Commonwealth of Australia, speaking here last night, intimated that he proposed shortly to lay before the city business men a scheme for consolidation of the Empire's war debts. He thought the scheme would lighten the load both of the homeland and the Dominions.

Mr. Watt also announced the early initiation of an extensive Commonwealth immigration campaign.

Speaking of the Australian state railway association, he said he was not a Socialist, but he rejoiced that the railways were the people's property.

MILLERAND WILL REPORT TO HOUSE ON HYTHE MEETING

Paris, May 28.—An interpellation on the recent conference at Hythe between Premier Millerand, Premier Lloyd George and their advisers will be brought before the Chamber of Deputies. Premier Millerand is expected to repeat the explanation he has already given to committees from the Chamber and Senate.

COMMERCE BOARD TO SUBMIT REPORT TO GOVERNMENT

Ottawa, May 28. — (Canadian Press)—The report of the Board of Commerce, covering its activities during the last year, will be submitted to the Government on Monday, May 31, that being the last day under the requirements of the law on which the report can be made.

Official Liquor Sales Show Substantial Fall

British Columbia's official liquor business has been gradually declining since the commencement of the present year, when the importation restriction was removed. While the turnover at the Vancouver store in the month of December last exceeded a quarter of a million dollars, the January sales did not exceed $145,972.25. These had dropped in February to $119,693.79; in March to $127,504.73, and in April to $92,646.25. Complete returns are not yet available for May; it is considered likely, however, that there will be a proportionate reduction in the amount of liquor sold.

Similar remarks apply to the Victoria store whose total sales for January amounted to $33,838.00, or a little more than half of the December turnover. In February the figures officially recorded are $33,838.00; in March, $31,738.30, and in April, $22,467.65.

The following are the returns for Nanaimo, Prince Rupert and Quesnel where the Government Agents have authority to vend liquor to druggists and the medical profession:

Nanaimo: January, $4,275.75; February, $3,251.35; March, $4,474.90; April, $3,457.20. Prince Rupert: January, $3,070.15; February, $3,547.15; March, $3,505.19; April, $3,729.03. Quesnel: March, $105.00; April, $40.15.

Total Sales.

The total value of liquor sold for the first four months of the present year, therefore, reaches $636,342.84, while the number of prescriptions issued for the same period totals 92,417, divided between the cities of Victoria, Vancouver and the remainder of the Province as follows: Victoria: January, 4,238; February, 4,146; March, 3,508; April, 2,411. Vancouver: January, 15,654; February, 13,333; March, 13,017; April, 9,476. The rest of the Province: January, 7,250; February, 7,205; March, 7,051; April, 5,218.

Doctors issuing prescriptions in Victoria in January numbered sixty-eight, the number increasing by one each month with the April total reaching seventy-one. In Vancouver 213 doctors were prescribing liquor in January; 206 in February; 204 in March; 172 in April. The number of doctors using the "pink pad" during the four months varied between 160 and 165.

NEGLECTING FARMS TO SMUGGLE RUM

Many Farmers of Essex County, Ontario, Very Busy; Thirteen Fined

Windsor, Ont., May 28.—Their pockets bulging with United States currency, the proceeds of rum running, thirteen Petite Cote farmers yesterday contributed more than $13,000 in fines and court costs to the Provincial treasury for violating the Ontario Temperance Act.

According to one provincial officer, more than fifty complaints against other Petite Cote farmers will be heard in the police court.

Rum running is so well established in Essex County, it is said, that farmers are paying little attention to seeding.

FIFTEEN-CENT SHAVES PREDICTED

New York, May 28.—Prices of shaves and haircuts in New York soon will be cut to 15 and 35 cents respectively, according to Leon Worthal, general organizer of the International Barbers' Union. New barber shops, he said, will be opened by the Barbers' Union or individual union members.

Barbers, he said, will receive $30 a week, with fifty per cent. of all earnings above $42 a week.

WANT GOVERNOR DISMISSED.

Madrid, May 28.—A commission has been appointed at San Sebastian to come to this city and ask the Government to dismiss the Governor there. The general strike at San Sebastian has been ended and workers will resume their posts.

MINERAL OILS NOT TO BE SENT OUT OF FRANCE

Paris, May 28.—Exportation of mineral oils and derivatives is forbidden in a Government order made public here to-day.

VOTE ON GOLF LINKS PLAN IS PROCEEDING

Referendum Is Being Taken at Public Market Building To-day

Voting on the Municipal Golf Links Referendum, which will determine whether or not Victoria is to have a municipal golf links, is proceeding in the Public Market Building to-day.

Up to noon voting, as was expected, was rather slow. The largest part of the total vote, it was anticipated, would be polled after five o'clock in the afternoon, when voters would have finished the day's work. During the morning an average of about 150 votes an hour were polled, a total of 450 being registered up to noon.

Supporters of the golf links plan were active all day taking voters to the poll and endeavoring to persuade people to vote "yes" on the question embodied in the referendum. They expressed the utmost confidence regarding the result of the poll.

A large number of automobiles are being operated by members of the Rotary Club to afford free and convenient transportation to the polls for anyone requiring it. Persons who wish to secure such transportation should telephone 7100, which is the number of the Golf Links Committee Rooms at 642 Cormorant Street.

GRANT HALL PREDICTS BIG PRAIRIE CROP

C. P. R. Officials Here on Inspection; Expect Rumanian Prisoners

Grant Hall, vice-president of the C. P. R., arrived in Victoria to-day. He is taking up with Capt. Troup, superintendent of the British Columbia Coast Steamship service, problems involved in the construction of the new $250,000 depot and office buildings at the Belleville Street wharf, announced a few months ago by President Beatty.

Plans Changed.

"Our plans have somewhat changed and we are now getting things lined up with Capt. Troup," said the vice-president.

With H. E. Beasley, General Superintendent, Mr. Hall to-day went over developments in connection with the Esquimalt & Nanaimo Railway, and the extension of service.

Mr. Hall planned to spend a few days on Vancouver Island, making the trip over the entire E. & N., but he received a telegram to-day which makes it necessary for him to return East to-night. He said he might get in time for a little golf to-day.

Little New Work.

Accompanying Mr. Hall on his inspection trip is D. C. Coleman, of Winnipeg, vice-president in charge of Western lines, and president of the Kettle Valley Railway. They said that very little new work is contemplated by the company in British Columbia just now.

Mr. Hall declared that although seeding on the Prairies is later than for many years, there will be a big crop this year.

Via Canada.

Rumanian prisoners of war now in Siberia are likely to be sent home across the Pacific, and through Canada, Mr. Hall said that the C. P. R. would not benefit much because the prisoners would be shipped over the Canadian Government railroads.

A. C. Smith, of Regina, president of the A. G. Smith Co., and Andrew Kelly, of Winnipeg, president of the Western Canada Flour Mills, are with the C. P. R. party.

MOB IN INDIA STOPPED TRAINS

Number of Railway Workers on Strike Reported Over 20,000

Telegraph Line Was Destroyed by Big Crowd at Matunga

London, May 28.—New disorders in connection with the strike of employees of the Great Peninsula Railway in India are reported in a Bombay dispatch to the Exchange Telegraph Company, which says the number of strikers is more than 20,000.

At Matunga station several thousand men gathered yesterday and destroyed the railway telegraph line, stopped trains, forced passengers to alight and did considerable other damage. Refreshment cars were raided and food and drink taken. Police dispersed the crowd after firing blank cartridges, but traffic over the road is being greatly embarrassed.

EMBARGO ON EXPORT OF SUGAR FROM U. S. MAY BE IMPOSED

Washington, May 28.—By a vote of six to three, the Senate Agriculture Committee to-day ordered a favorable report on the McNary Bill, which provides for an export embargo on sugar.

SPIKED PLANKS STOP SPEEDERS

Athens Police Have Unusual Way of Curbing Speeding Autoists

New York, May 28.—A traveler who has returned here from Greece says the policemen of Athens have an effective and rather unusual method of curbing speeding autoists. Officers posted along the principal streets carry planks studded with long sharp nails, and when they see a car approaching at a rate they believe is excessive, they drop the plank in front of the machine. If the car is speeding, it can not be stopped in time, and as a result the tires are punctured, but if the machine is proceeding at a reasonable pace, it can be stopped before the plank is reached.

The chief of police finds the system is cheaper than maintaining a motorcycle squad, and it has additional advantage of making the capture of speeders comparatively easy.

GREAT ICEBERG.

New York, May 28.—A large iceberg, about half a mile long and 700 feet high and similar in shape to the Rock of Gibraltar, was observed on May 16 in latitude 43.19, longitude 47.53, it was announced in shipping circles here to-day.

MASS OF GERMAN ARTILLERY REMAINS TO BE DESTROYED

Paris, May 28.—Germany has submitted a statement to the Allied Control Commission declaring that 23,000 pieces of German artillery remain to be destroyed, and that 800 already have been broken up, according to The Echo de Paris.

New Tax Exemption Rulings Stated By Dominion Officials

Condensed Milk Exempt But Ham and Bacon Are Subject to Tax; No Tax on Bread; Vegetables and Fruits Exempt If In Their Natural State.

Ottawa, May 28.—The Department of Inland Revenue has given the following rules in regard to exemptions from the new sales tax: Sausages, fresh only; milk, condensed and evaporated, exempt; milk, powdered, if made from whole milk, exempt; ham and bacon, subject to tax; glucose, exempt; bread, exempt; peas and split peas, exempt; vegetables, exempt if in natural state; fruits, exempt in natural state; groats, subject to sales tax.

Manufacturers receiving raw materials for further process of manufacture are required to charge sales tax for the amount of their account on returning the goods.

Premiums given in exchange for coupons are considered as sales and the luxury tax must be paid where the articles are taxable.

Scapular medals, crucifixes and prayer books are exempt.

The one per cent. sales tax applies on goods even though sold to Federal or Provincial Governments.

The tax on fans does not refer to electric fans.

A manufacturing firm making goods subject to the luxury tax and having several retail stores will collect the luxury tax only.

Less Pulpwood Sent to States But Worth More

Washington, May 28.—Exports of pulpwood from Canada to the United States for the eleven months ended with February amounted to only 790,828 cords, against 1,499,107 cords for corresponding period of the preceding year, according to a report received here to-day from the United States consul at Kingston.

The February exports were 52,351 cords, a decrease of about 93,000 cords from the same month last year.

The value of pulp and paper exports for the eleven months' period, on the other hand, increased to $92,000,000 from $74,000,000 for the corresponding period of the preceding year, with February's increase amounting to $2,226,000.

WISH NEW TAX ON CANOES REMOVED

Outfitters and Guides in Northern Ontario Form an Association

Port Arthur, Ont., May 28.—(Canadian Press)—The Northern Ontario Outfitters' and Tourist Association was organized yesterday at a largely attended meeting here of representatives of railways from Montreal westward, trappers, guides and outfitters. The organization is for the purpose of furthering the interests of tourists and guides, the welfare of outfitters, protection of game and fish and the re-stocking of lakes and streams.

Against Tax.

Among the important resolutions passed was one asking the Dominion Minister of Finance to cancel the tax on canoes and tents, which in this country are necessities, not luxuries.

Officers elected were: President and general chairman, F. C. Armstrong, Cochrane; vice-president, Neil McDougall, Port Arthur. The executive committee and district chairmen will be elected later.

The 1921 convention will be held at North Bay on May 9.

$200,000 FIRE IN TOWN IN QUEBEC

Quebec, May 28.—Damage estimated at $200,000 was done in St. Joachim, Que., last night when fire destroyed a sawmill and lumber yards and five houses.

CLOTHIERS WILL SEND DEPUTATION

To Make Representations to Government Regarding Tax; Meeting in Ottawa

Toronto, May 28.—Retail clothiers of this city met yesterday and discussed the luxury tax at some length and with considerable warmth. It was stated that the retail clothing trade was at a standstill. One dealer declared that the public would not buy clothes at the present prices.

A number of telegrams were received from various sections of the country complaining that the new tax was seriously interfering with the clothing business.

It is understood that similar meetings will be called in the various provinces and that a united deputation will go to Ottawa and lay the clothiers' grievances before the Government.

EX-KAISER MAKES OWN CLOTHES NOW

Hohenzollern Tries Hand at Tailoring; Cuts Patterns For Suits

London, May 28.—Wilhelm Hohenzollern, former Kaiser of Germany, is trying his hand as a tailor, according to a Central News dispatch from Amsterdam. He is cutting out patterns for many new suits with which he is going to stock his wardrobe, and the dispatch quotes a trade paper as declaring he is "excelling at the job."

"How unfortunate it is," says this paper, "that Wilhelm missed his vocation. After all the notoriety he achieved as an emperor, one can imagine what would have been his fame as a tailor."

CLOTHING FIRM IN NEW YORK TO PAY FINE OF $31,000

Syracuse, N. Y., May 28.—Weed's, Incorporated, Binghamton clothiers, tried in United States court here under Justice Martin T. Manton, were found guilty this morning on all of eight counts in a Federal indictment charging them with profiteering.

The court imposed a fine of $31,000 upon the firm.

Convalescent Soldiers Unload Ship In Ireland

Queenstown, Ireland, May 28.—Convalescent soldiers unloaded the ammunition from the Government steamship which arrived here yesterday from the Woolwich Arsenal and the vessel departed for Dublin. The dockers and railwaymen refused to handle the cargo.

Washington, May 28.—A resolution "viewing with grave concern" conditions in Ireland and "expressing sympathy with the aspirations of the Irish people for a Government of their own choice," was reported out to-day by the House Foreign Affairs Committee. The vote was 77 to 7.

London, May 28.—Anglo-Irish relations will not be affected by the visit of many prominent Irishmen to Rome in connection with the beatification of Oliver Plunkett, first Bishop of Armagh, says the Rome correspondent of The Daily Mail. Sean O'Ceallaigh, "president of the Irish Parliament," was asked whether the visit of prominent Irishmen in Rome

NOW DECLARES FOR GENERAL ELECTION

Maxwell, Dominion President of G. W. V. A., Issues Address to Branches

Says Citizens As Well As Returned Men Want to Use Ballot

Ottawa, May 28.—R. B. Maxwell, of Winnipeg, Dominion President of the Great War Veterans' Association, who has been here for several days investigating the political situation, issued the following message last night to the seventy-seven branches of the Association throughout the Dominion:

"From knowledge gained of political and economic conditions in Canada during three years' effort on the part of the Great War Veterans' Association to obtain equitable reconstruction legislation, I deem it my duty to urge upon you the necessity of an early general election.

Pledges Unredeemed.

"Parliament has confessed inability to redeem former pledges and restore to returned soldiers and dependents in a substantial measure those economic advantages they would now enjoy but for war service.

"Parliament has shown reluctance to offset such failure by general measures for the improvement of living conditions throughout the country whereby returned men might more easily regain a sure foothold in the national life.

"Parliament now requires that those who serve in the war shall share in the payment of the major portion of the war debt, despite the fact that war-accumulated wealth is unmolested.

"Parliament, as at present constituted, apparently cannot cope with the distressing living conditions which affect not only the returned soldiers but the public generally.

"Parliament has denied to the electorate of Canada any opportunity since 1911 to assert their views upon domestic conditions by means of the ballot.

General Demand.

"Parliament continues to ignore the fact that the demand for a general election does not arise solely from among the returned men, but it is supported by the vast majority of those who have the interest of the country at heart and who view with alarm the increasing unrest.

"Parliament has outlived its mandate.

"The time has arrived for the people to declare themselves on the vital question of the day. I, therefore, call upon you, in defence of the basic principles upon which this association was founded, to assemble in mass meetings with your fellow citizens and secure without delay an unmistakable expression of the wishes of the people in regard to the necessity of a general election."

SCHOOL IS BURNED IN COMPTON, CAL.

Los Angeles, May 27.—A new High school building at Compton, adjoining Los Angeles, was destroyed by fire yesterday. The building was recently completed at a cost of $75,000 and equipped at an additional cost of $25,000.

MANAGES COMPANIES.

Sydney, N.S., May 28.—Official announcement was made yesterday that Edward P. Merritt had been appointed general manager of the Dominion Iron and Steel Company and the Dominion Coal Company.

LIQUORS SOLD IN THE TERMINAL CITY

Vancouver, May 28.—Large quantities of champagne, brandy and wines were sold by auction here yesterday under the direction of the Dominion Government. Colonel C. A. Worsnop, Surveyor of Customs, held that the sale was perfectly legal, as there was a clause in the Provincial Act that stated that Provincial regulations should not interfere with sales in due process of law.

The sale of thirty-six pint bottles of champagne and fourteen gallons of brandy claimed the centre of interest for the large number of people present.

Bidding was keen. Starting at $10, it continued until the $400 mark was reached, when the lot was sold. A forty-two gallon barrel of Burgundy wine was sold for $51.

BIG WAR MEMORIAL AT SAN FRANCISCO

Paris, May 28. — Mrs. Adolph Spreckles, of San Francisco, was the guest of honor at a unique reception given here yesterday by the French Government.

The reception was given for the purpose of expressing the appreciation of France of plans formulated by Mr. Spreckles for the construction at Alta Plaza, overlooking the Golden Gate, of a replica of the Palace of the Legion of Honor, as a lasting memorial to French and American soldiers. The building will cost several million dollars.

BILL TO REMOVE POWER TO DEPORT

British-born Persons Suspected in Canada Will Have Trial

Ottawa, May 28.—Senator Robertson's bill amending the Immigration Act by repealing the clause giving the Government authority to deport British-born men under suspicion of sedition or shown to be engaged in agitation against constituted authority (this legislation was passed last year at the time of the Winnipeg strike) came up for second reading in the Senate yesterday, and met strong opposition. Previous to adjournment on May 11, Senator Lynch-Staunton, Hamilton, moved that this measure be given a six months' hoist.

In supporting the bill yesterday afternoon Senator Robertson claimed that if the Hamilton Senator had been fully aware of the facts, he would not have made such a motion. The deportation authority now being abrogated, he said, was adopted during the Winnipeg troubles, when it was found that there was not machinery provided by the Criminal Code to deal with the situation.

Since then amendments to the Criminal Code had been made which made it unnecessary to provide such arbitrary powers vested in the Government as those given by last year's act. Even at the time the legislation was passed, although requisite it had been criticized as contrary to the spirit of the British constitution. It was held as contrary to British traditions to deport a British citizen without a trial by his peers.

Not Again.

Senator Sharpe: "Under the law as it now stands, would it be possible to deport the men now convicted in Winnipeg for the trouble of last year?"

Senator Robertson: "My view, as a layman is that these men, tried, convicted and punished, cannot be punished again for the same offence."

Proceeding, Senator Robertson said that the Government, which was responsible for the legislation of last year, now favored its amendment. It had caused unrest and was anti-British in spirit. It was not his personal idea that the bill before the House represented, but the collective opinion of the Cabinet.

The debate was not concluded and was adjourned to be continued today.

Run Down, Pale and Weak, Nervous and Tired?
"VITAL" TABLETS
THE GREAT FRENCH TONIC WILL BUILD YOU UP.
How many people to-day are putting in an existence, for different from what nature intended. Disease of one sort or another is lurking in the system, sapping the very life itself. One cannot enjoy life. The French have come to the rescue of all such persons. In VITAL Tablets are all the essentials to make you healthy and strong. You have no appetite, your food does not agree with you, your nerves are all on an edge, why? Because the very part of your body that needs to be kept in a strong, healthy condition, is gradually getting weaker, rather than stronger. You must build yourself up. You must fortify your body. Once your body is strong, it will throw off the disease. The question is, what should one take to do this? The makers of VITAL Tablets will sell them under a guarantee. If they do not build you up, you can have your money back. Build yourself up, and away goes every disease. VITAL Tablets are a wonderful reconstructive remedy, known to science. Go to your druggist and procure a box of VITAL Tablets. See for yourself. Price fifty cents per box, at all drug stores.

READING SPEAKS OF WORLD LEAGUE

Portsmouth, Eng., May 28.—The League of Nations was discussed at the opening session yesterday of the twenty-ninth conference of the International Law Association. The Earl of Reading, Lord Chief Justice, and former British Ambassador to the United States, presided. There were numerous foreign delegates present, but two Germans expected had not arrived.

An interesting paper was presented in the name of Everett P. Wheeler, a New York lawyer, in which he expressed the belief that the United States Congress would yet ratify the League.

Lord Reading, speaking at a luncheon, said the League of Nations, which he trusted would in the future represent international law, was the hope of humanity.

"I do not say the covenant is a perfect instrument," he added. "It is nevertheless a great document, though the hands that were set to it at the time are not the hands of those who ratified it. What the United States will do in the future is not for us to judge. She will decide for herself according to her own views and according to the views of her own people.

"But I am convinced that, whether she signs or does not sign, she will remain a supporter of justice and truth in the future as she has done in the past, and the tribunals of the nations associated in the League of Nations will be able to rely on her when they give their views founded upon reason and based on justice."

These remarks were received with cheers.

Lord Reading emphasized the importance of the commission sitting to provide a plan for the permanent court of justice.

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE

Miss Eva P. Yateman, Krugersdorf, Ont., writes: "I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, wherever I was, that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicines and took several different kinds, but seemed to receive but little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them and before I had taken more than two boxes I could see they were helping me. I have taken about ten boxes, and am almost cured of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief."

Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

GERMAN WRITERS FEAR BOLSHEVISM

Berlin, May 27.—Via London, May 28.—The recent reverses suffered by the Poles at the hands of the Bolsheviki are viewed very seriously by the German newspapers.

The Morgenpost says Europe's future is once more in the balance, and that the danger to the Eastern and Southeastern regions is extreme.

The Boersen Zeitung says Germany can feel no regret at the Nemesis striking at unbridled Polish imperialism, but that Poland's destruction and engulfment by Bolshevism would be a terrible disaster for Germany and Europe. The newspaper appeals to Polish non-imperialists to force the Government to make peace with Soviet Russia, even at the eleventh hour.

WANTED IN STATES.

New York, May 28.—Prince Michael Murat, at whose home in Paris President and Mrs. Wilson resided during the Peace Conference, was indicated by the May grand jury here yesterday on a charge of grand larceny in the first degree on complaint of a Manhattan fur dealer, who alleged he lost $1,500 through a cheque transaction during the Prince's visit here last June.

A bench warrant will be issued for the Prince, and the New York police department may send a detective to Paris to serve it and ask for his extradition to the United States.

PASSPORTS NOT NEEDED.

Ottawa, May 28.—United States tourists visiting Canada do not require passports as a condition of entry to Canada from the United States, or as a condition of leaving Canada for the United States, according to a statement just made by the Canadian Department of Immigration and Colonization.

Canada welcomes bona fide tourists, the statement continues, and will extend every possible courtesy to such travelers in entering and leaving the Dominion.

MOTHERS NEED NOT WORRY

Because Children Are Frail, Ailing and Sickly

Vinol Will Build Them Up and Make Them Strong, Robust and Rosy

There is nothing that will build up frail, sickly, ailing children like VINOL.

Mrs. L. Andrews, Bainbridge, N.Y., says: "My little daughter was run-down, tired all the time, pale, thin, nervous, and had headaches so we had to take her out of school. VINOL has built her up, she has a good appetite, no more headaches, her color is good and she has returned to school."

VINOL owes its success in such cases to the tissue-building extractives of fresh cods' liver, without oil, aided by the blood and strength-creating elements of tonic iron, beef peptones and hypophosphites which it contains.

Thus in a natural manner it creates a healthy appetite, aids digestion, makes rich, red blood and the result is a good, healthy color, strength and vitality.

Your druggists guarantee it.

BACK TO ATHENS.

Paris, May 28.—King Alexander of Greece, who is now in Paris, will return to his capital upon the conclusion of his visit here, it was announced at the Greek Legation here yesterday.

This announcement set at rest a published rumor that the king did not intend to return to Greece, having decided to share the exile of his father, ex-King Constantine, and that he might be succeeded on the Greek throne by a British prince.

IN MEMORY OF DEAD.

Paris, May 27.—President Wilson has ordered a Memorial Day wreath of flowers to be laid upon the statue "The American Doughboy" in Suresnes Cemetery and Ambassador Hugh C. Wallace will deposit it there Sunday.

Instructions were received to-day from Mr. Wilson by his favorite flower vendor when he was in Paris to get up a floral tribute to the American dead.

BRISK DEBATE ON MORNING SITTINGS

Opposition to Borden's Motion Causes It to Be Held Up

Surprising Statement About Eastern Canada-to-Victoria Freight Rates

Ottawa, May 28.—A brisk battle over morning and Saturday sittings preceded resumption of the budget debate in the House yesterday afternoon. There was "washing of dirty linen in public," as Dr. Clark, of Red Deer, put it. A Western member complained that Quebec and Ontario members got home for the week-end, and left Westerners to form a quorum. The charge was heatedly denied, and after some sparring back and forth, the motion for additional sittings, moved by Sir Robert Borden, went over for the time being.

Mr. King's Views.

Hon. W. L. Mackenzie King, speaking after Sir Robert had moved his motion, said he was sure every member would appreciate anything which would expedite the business of the House and allow the members to return to their homes. He felt it his duty, however, to point out that in his opinion the motion was against the public interest. The members were gathered here for the purpose of giving their best attention to the business of the country. A certain amount of this business had been brought before the House, but there was yet more to come. In fact it might be said that the main work of the session remained to be done. It was no fault of the Opposition if little had been accomplished so far. The Government was to blame, first in calling the session so late, and, second, in bringing down the really important business after the lapse of months.

Only nine days ago, said Mr. King, the budget, one of the most important items, had been introduced. It was not yet disposed of. Also the most contentious clauses of the Franchise Bill remained to be dealt with, and practically all the estimates had yet to be passed. It looked, said Mr. King, as if the Government had sought to bring about one big drive with the object of jamming through important legislation. It was practically impossible for members to sit morning, afternoon and night and give proper consideration to the work of the country.

Best Consideration.

Mr. King contended that the first duty of a member of Parliament was to give his best consideration to the making of laws, and not to hurry through the session with the sole purpose of getting back to his private business.

Members could not possibly give thoughtful attention to legislation nor consult their constituents about it if they spent all their time in the House. Three months had been spent, said Mr. King, in considering Government bills which amended legislation. He enumerated a score of bills, most of which, he said, were for the purpose of amending legislation already amended within the last two sessons. Such legislation had had right of way, while the really vital measures of this session had been put off until now.

Members had not been given an opportunity of studying these vital measures. In most cases they had not even seen them.

Mr. King submitted that to handle legislation in this fashion reduced parliamentary government to a farce, though it might be a good method of warfare to conduct a great drive to produce confusion at a time when millions of public money was to be voted. Mr. King asked the Government to reconsider its decision.

Dilatory.

Hon. T. A. Crerar, Leader of the Progressive Party, thought the Government had been a little dilatory in bringing down legislation this session. He suggested to the Prime Minister and the Leader of the Opposition that they defer Saturday sittings for a week, begin afternoon sittings at two o'clock and leave off the morning sessions until later.

Indemnity.

H. A. Mackie, Edmonton, asked the Leader of the Opposition to declare himself on increasing the members' indemnity. For himself, he was willing to work every day in the year provided he was paid for it at a reasonable rate, but he did not believe in the Western members being tied to the House while others could attend the opening of jockey clubs and spend time both with their families and on private business. Mr. Crerar's suggestion came with a bad grace because, apart from his regrettable illness, he had been spending much time organizing farmers' parties and platforms in the east.

It was absurd to talk about getting ahead with the business while the attendance at some of the evening sessions had barely furnished a quorum.

Not Pressed.

Sir Robert Borden said that in his experience of twenty-five or twenty-six sessions it had not been a practice to press such a motion when seriously opposed. He would not think of pressing the motion after what had been said by the Leader of the Opposition. But if Mr. King was under the delusion that Parliament, by sitting from January 10 to December 31, every day of the week, could put its legislation into such a shape as never to require any amendment, then his delusion must be great.

Subsequent debate on the budget brought a remarkable attack on movies by P. F. Casgrain, Liberal member for Charlevoix-Montmorency. Mr. Casgrain was objecting to removal of the fifteen per cent. tax on films. In Montreal, Quebec and other large cities, Mr. Casgrain declared, moving picture institutions were responsible for a great deal of the existing evil. "In many cases," he added, "the moving picture house is a common rendezvous for a certain class of people who want to hide themselves. The pictures exhibited are suggestive, and in some cases they lead to very bad results." There were invitations to the people of the poorer classes to revolt, and they brought disorder to the country. Mr. Casgrain thanked God they had no moving picture houses in his constituency.

Mr. Lemieux.

During the day, Hon. Rodolphe Lemieux was the major speaker. He dissociated himself from free trade pure and simple. The Liberal Party did not take office, he argued, on undisputed free trade, but on tariff for revenue. "Free trade," he further remarked, "as a theory reduced to practice at the present moment and in years to come is a pure impossibility.

"Any child in this country could understand the stand taken by the Liberal Party. But Liberals, many Conservatives and Independent citizens of this country believe the time has come when protection as high as Haman's gallows must be done away with. In fixing a tariff, some regard must be paid, not only to the manufacturer, but to the consumer and to the public."

Declared Unfair.

Mr. Lemieux criticized the tax proposals as being unfair to the laboring man. No reasonable objection could be made to the taxing of luxuruies, but such necessity as $9 shoes certainly ought not to be taxed. A fifty per cent. tax on luxuries and no tax on the necessities of food, clothing and shelter would be fairer to the common people. He found one abuse already of the excise impost. Candies had been increased ten cents a pound, which provided an extra five per cent. profit for the dealers.

The excise on sporting goods had been struck off because sport was absolutely essential to the development of national virility.

The use of gold except for wedding rings and dental work ought to be prohibited until the currency was brought back to its pre-war value.

Later, G. B. Nicholson, Algoma East, raised echoes of the Temiskaming by-election. He charged the party led by Mr. Crerar with having associated itself in the campaign with an organization which had for its aim the destruction of responsible government.

J. D. Chaplin, Unionist, Lincoln, told a curious story of freight rates. From St. Catharines, Ont., to Victoria, B. C., his firm had been charged $1.50 a hundred pounds. From Liverpool to Victoria right across, the rate was only $1.25. So his firm sent goods down to Mexico and up the Pacific Coast on a 90-cent rate. Then, said Mr. Chaplin, the Canadian Pacific Railway made an offer of a dollar rate.

T. W. Caldwell.

T. W. Caldwell, Carleton, N. B., speaking later in the evening, said that if the tariff were removed Mr. Chaplin and his like would certainly lose a great big graft they had been making off the people of Canada.

James Douglas, Strathcona, announced that he would support the budget proposals.

IN ITALY SEVEN ARE ACQUITTED

Were Accused of Having Communicated Information to the Enemy

Rome, May 28.—Seven persons accused, with former Deputy Filippo Cavallinie, of communicating "intelligence to the enemy" during the war, have been acquitted here. This case had been going on for the last three years, and at times seemed to have a close connection with prosecutions of Bolo Pasha and Joseph Caillaux in France. Four former Deputies were among those placed on trial.

It was found the evidence of guilt offered by the Government was not sufficient to justify conviction.

In France.

Paris, May 28.—The acquittal of the former Italian Deputy, Filippo Cavallinie, of the charge of treason in Italy, will make no difference to his status in France, it is declared here. He is still under sentence of death in this country, having been condemned at the same time as Bolo Pasha.

GREAT FIRE LOSSES.

New York, May 28.—Fire losses in the United States during 1919 approximated $325,000,000, as against $250,000,000 in 1918, said F. C. Buswell, president of the National Board of Fire Underwriters, at the fifty-fourth annual meeting of that organization here yesterday.

VANCOUVER INQUIRY.

Vancouver, May 28.—The board of inquiry appointed by the Air Board of Canada to investigate the aeroplane accident which occurred at Minoru Park May 24 resulting in the death of E. H. Beazley, of this city, will hold its first sitting on Monday, May 31.

TWENTY YEARS OF TROUBLE IS ENDED

Dwyer Says Tanlac Has Brought Health to Himself and Wife After Untold Suffering

"Tanlac has proved the best investment I ever made in my life, and I just can't express my gratitude for the way it has relieved me after twenty years of suffering, and restored me to splendid health again," recently declared H. Dwyer, of 1473 7th Avenue West, Vancouver, B. C.

"No one will ever know what I have been through during the past twenty years on account of headaches and stomach trouble. I suffered so with indigestion that I couldn't eat a bite, but what it would sour on my stomach and cause gas that kept me in perfect misery for hours afterwards, and the pressure of this gas made my heart palpitate so badly that I thought I must have some sort of heart trouble. I was continually needing to take medicine for constipation, and had such dreadful headaches that I often had to knock off work and go home to bed. Although I slept pretty good I always got up in the mornings with a headache and feeling all tired out and unfit for work.

"When I saw that so many Vancouver people were getting good results from Tanlac, and I thought to myself, that medicine ought to be good for me. So I gave it a trial, and that first bottle of Tanlac started me on the road to health. It wasn't long before I had a great appetite, and was eating more in a day than I used to in a week. And yet no matter what I ate it agreed with me, and I never have any sign of indigestion or gas on the stomach now. My constipation has been relieved, and I haven't had a headache since I started taking the medicine. I get up in the mornings feeling fresh and fine, and I can honestly say that I was never in better health than I am to-day.

"When my wife saw the wonderful good that Tanlac was doing me, she started to take it, too, as she was in a very run-down condition at the time, and the result in her case was just as satisfactory as mine. Tanlac is the only medicine that ever helped us, and we wouldn't be without it if it cost five dollars a bottle."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

WHO SUGGESTED IT?

In the House of Lords recently Lord Curzon, British Minister of Foreign Affairs, stated in reply to an inquiry that some consideration had been given to a proposal that a mandate for Armenia be handed to Canada, a suggestion to that effect having been received from some Canadians.

Imagine Canada taking on the job of looking after Armenia during her precarious adolescence as a duly-constituted independent state—protecting her inhabitants from the Turks, the ferocious Kurds and the Bolsheviki, just to mention a few external menaces, besides solving the thousand or more domestic problems incidental to the evolution of the country into nationhood!

Even Great Britain with all her resources and her experience in administering such countries shrinks from the task. Who are the Canadians who conceived the brilliant idea that Canada should undertake it? We wonder if the new taxation will help them to realize that Canada's domestic problems are such as to monopolize the administrative ability and resources of the Canadian people for years to come, no matter how greatly they sympathize with the Armenians.

A LOCAL MAIL SERVICE.

It should not be a very difficult matter for the postal authorities to re-arrange the daily mail service between Victoria and Sidney. Under the terms of the present contract the letter box in the neighboring town must be cleared at three-thirty in the afternoon in order that the bags may be taken to Saanichton for collection by the Interurban train. In other words the Sidney business day from the point of view of its mail dispatch is obliged to close in the middle of the afternoon. Moreover, needless handling is involved by the present arrangement. In addition to their transfer from Sidney to Saanichton the bags also must be delivered from the Interurban terminus to the Post Office at this end. There would be no objection to this somewhat cumbersome procedure, of course, if there were no other more direct means of transit between the two points at more convenient times. As a matter of fact there is an auto stage running between Victoria and Sidney which is making six trips each way every day. Two returned soldiers operate the enterprise and since its commencement freedom from accident and delay have constituted a record for reliable service. The Sidney Board of Trade, therefore, cannot conceive any valid reason why the postal authorities should not be able to enter into arrangements with the returned men which would insure continuous service at times in keeping with commercial requirements. Possibly some adjustment will be made as a result of the Board's representations to the postal authorities.

AND NOW NOVA SCOTIA.

Nova Scotia is going to have a United Farmers' organization. A resolution to that affect was unanimously adopted at a convention of agriculturists last month at which all the counties of the Province except two were represented. The delegates went farther than the British Columbia convention and endorsed the platform of the Canadian Council of Agriculture, which is the policy the National Progressive Party is advocating in Parliament.

This declaration of policy is exceptionally interesting in view of the criticism of the tariff platform of the United Farmers indulged in by the Hon. W. S. Fielding, an eminent Nova Scotian, on behalf of the official Liberal aggregation in the House of Commons led by Mr. Mackenzie King. That criticism and the amendment which Mr. Fielding moved at the conclusion of his speech on the budget, indicate that there is practically no difference in fiscal policy between the Unionist Government and the Liberal Opposition.

This is to say that the gap between the Unionists and the Liberals is not nearly as great on the fiscal issue as the hiatus between both of those parties and the United Farmers. If there is any fusion in the House as the result of the next election it is more likely to be between the two older delegations than between either of them and the Farmers. The truth appears to be that while Toronto is the capital of Unionism, Montreal is the capital of the official Liberal following, and Toronto and Montreal are likely to forget their old-time animosities and clasp hands in the face of the fiscal menace which has come out of the West.

LEADING THE WAY.

Under the amendments to the British Columbia Prohibition Act passed at the recent session of the Legislature power is given to the municipalities of the Province to impose a license fee upon the vendor of near beer and generally to control the sale of this substitute for the genuine article. The City of Kamloops is the first municipality to take advantage of its new authority by the passing of the requisite by-law. According to the reported proceedings of a conference between the hotel men and the City Council the proprietors of the regular hostel offered no objection to the payment of a license fee on the understanding that their establishments and other refreshment parlors would be placed on the same footing. The attitude is a reasonable one. There is no reason why a hotel bar should be required to close its doors and turn its business away to other places which sell similar beverages.

NOTE AND COMMENT

Representative Connolly, a Democrat from Texas, introduced into the Senate yesterday a resolution declaring "the Irish question to be no concern of the United States." This delicate hint should be taken by those numerous political visionaries who find the southern half of the North American continent too small a field in which to accomplish the emancipation of mankind.

The Dominion President of the Great War Veterans' Association of Canada has issued an appeal to the numerous branches of the organization urging them to stir up public sentiment in favor of a demand for a general election. He declares that the present Parliament has outlived its mandate and in general that it has failed to play fair with the former members of the Canadian Expeditionary Force. Many will agree that the people of the country would welcome an opportunity to change their minds.

Before the Parliamentary Pension Committee the other day three witnesses emphasized alleged shortcomings in the vocational training branch of the Department of Soldiers' Civil Re-establishment, their particular complaint being one of misdirected effort in the training of men for duties for which they were unsuitable. It must be remembered that to re-train a full-grown man for a calling, entirely different from that in which he was engaged before his war service is quite a different matter to that of educating a child. There will be misfits. It is fortunate there have been so few to date.

OTHER NEWSPAPERS' VIEWS

AN EXAMPLE WORTH IMITATING.

(The Detroit Free Press.)

Pittsburg manufacturers have reached the conclusion that the remedy for the housing shortage in that industrial district is more houses. They are so well convinced of this that they are building the houses themselves. One of them, the United States Steel Corporation, has offered its employees land to build on, a choice of plans drawn by the company's architects and the services of a building organization in putting up houses in accordance with those plans. The worker who avails himself of the company's offer makes a first payment of 10 per cent. and pays the balance back to the company in monthly installments, the whole cost to the buyer being just equal to the company's cost. The Steel Corporation is helping Pittsburg to grow; it is establishing in the neighborhood of its factories a body of home-owning workers of the kind it needs; it is writing an effective form of insurance against strikes and reducing the labor turnover.

A DUTIFUL CHILD.

(The Boston Transcript.)

The children in the Sunday School class were getting restless, and the teacher, to divert them, asked all who wished to go to heaven to stand up. All rose except one little girl.

"Don't you want to go to heaven, Jennie?" asked the teacher.

"Yes'm," was the response, "but I know mother doesn't want me to go just yet."

LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

HOW COULD THEY, INDEED?

To the Editor,—How could King Edward and the ex-Kaiser have "mixed in a rough and tumble on the sands at Cowes, as youths of 14 and 16," as your issue of yesterday declares they did, when King Edward, born Nov. 3, 1841, had already passed his seventeenth birthday before the ex-Kaiser was born on January 27, 1859?

G. E. GROGAN.

TO EX-SERVICE MEN.

To the Editor,—Will you kindly publish the enclosed letter to the ex-service men of Victoria.

R. MACNICOL,
Comrades of the Great War
W. WINKEL,
British Campaigners
R. P. CLARK,
Army and Navy Veterans
H. W. HART,
G. W. V. A.

To the Ex-Service Men of Victoria:

For the past several months the returned men of Victoria have been led to believe that important works were on the eve of commencement, and that the city and neighboring municipality of Esquimalt would be humming with industry, furnishing employment for the many returned men who have not yet found a foothold in the civil life of the community. The long drawn out delay, and the abandonment of at least one of the contemplated projects, has resulted in a situation which requires careful consideration.

The drydock has figured largely in the minds of employment seekers, the commencement of the Johnson Street Bridge has been looked forward to as a means of relieving the pressure, and the hopes of the Harbor Marine Company have been centred upon a further contract for two more steel vessels. All three projects may be considered as being out of the question in so far as the present or immediate future is concerned.

The drydock, if it is to be built at Esquimalt belongs to the distant future. The Johnson Street Bridge will not furnish employment until September, and the hoped for contract has not been secured by the Harbor Marine Company.

In view of the foregoing facts the presidents of the Ex-Service Associations met on the 25th inst. to discuss the situation, believing that the time had arrived when it was necessary for the returned men to understand the position.

Victoria attracted a large number of ex-service men from all parts of the Dominion, with the result that it is confronted with the impossible task of absorbing a greater number of men than its industries can care for. The optimistic views expressed by citizens and the press have caused many men to "hold on," waiting for the elusive to-morrow. Reports of work outside the city are constantly coming in, and, after careful consideration, it is our opinion that the ex-service men would be well advised to seek employment where it exists rather than wait for the fulfilment of the rosy predictions which may materialize in the future, but which are aparently a long way off at the present time.

R. MACNICOL,
Comrades of the Great War
W. WINKEL,
British Campaigners
R. P. CLARK,
Army and Navy Veterans
H. W. HART,
G. W. V. A.

P.S.: Should these conclusions be wrong they are open to correction, and a definite assurance, from an authoritative source, that work will be available at an early date will be welcomed by all returned men.

C. N. R. EARNINGS.

Toronto, May 28.—Canadian National Railway gross earnings for the week ended May 21 were $1,946,107; last year, same week, $1,891,532. The gross earnings for the period ended January 1 to date were $35,398,396, an increase of $2,844,305 over the same period last year.

On account of the great shortage of **FUEL OIL** the majority of Steamships, Factories and Buildings, etc., are changing over to the burning of coal.

This in turn will create a heavy shortage of Coal next Winter.

Therefore **KIRK'S** advice is to

TURKS REPORTED HELD BY FRENCH

200 Said to Have Been Arrested in Asia Minor; Situation Better

Constantinople, May 28.—A French column that left Adana on May 11 for Kozan arrested 200 prominent Turks, including numerous officials.

Travelers from Adana say that the situation has improved since the arrival of French reinforcements, due to the energetic measures of General Duffieux.

Turkish Report.

Angora, Asia Minor, May 18.—(Associated Press)—Protests against alleged mistreatment by M. Tardieu, French Governor of the Province of Adana, and Armenians associated with the French in that district since French occupation forces moved in last March, have been received from Moslems there by Mustapha Kemal Pasha, leader of Turkish Nationalists here.

A long list of atrocities the Turks are said to have suffered, especially at Kozan, accompanied the protests.

Not Reported.

Paris, May 28.—French Governmental authorities have been in constant touch with Adana and declared this morning that no disorders had been reported.

SCANDALOUS, PREMIER SWEARS BEFORE COURT

(Continued from page 1.)

"Malicious Purpose."

"I further say that each and every of such defamatory allegations made against me, either directly or by innuendo, by the defendant and repeated in his statement of defence are false in every detail.

"I furthermore say that the defendant, in purporting in paragraph 8 of his statement of defence to set forth the whole of the telegraphic message therein recited, and which was dated April 17, 1920, has suppressed an important part thereof and which very clearly discloses the expressly malicious purpose of the defendant in transmitting such telegraphic message and the words so suppressed, but which were part of the said telegraphic message as follows:

"'Other instances could be given but the hour for your retirement from public life is striking now and I will not detain you longer than to wish you many years of perfect health in which to forget your past.'"

Temiskaming.

He also charged Mr. Crerar with responsibility for sending Mrs. Rose Henderson, of Montreal, to take part in the Temiskaming by-election, and said Mr. Crerar's party thus associated itself with an organization which had for its aim the destruction of responsible government. Mr. Nicholson quoted a letter written by Mrs. Henderson to the leaders of the Winnipeg strike enclosing a copy of the constitution of soviets approved by Lenine and Trotzky. According to this letter, Mrs. Henderson said she was an advanced Socialist before she became a Bolshevik.

The One Big Union was responsible for Mr. McDonald's election, Mr. Nicholson said, though the speaker knew that the Temiskaming member was not connected with that organization.

Indians.

Ottawa, May 28.—(Canadian Press)—The committee seeking to decide whether Indians shall be compulsorily enfranchised or not is again in private session to-day, and is expected to be ready to report early next week. It is understood that there is a division of opinion on the method of enfranchising the Indians, hence the necessity for several somewhat lengthy sittings.

NEW CHIEF NAMED.

Grand Forks, B. C., May 28.—Because they regarded ten cases of liquor—120 bottles, with a value of round about $500, as too much for a chief of police who was instructed rigidly to enforce the provisions of the Prohibition Act, the Police Commissioners dismissed James Norgrove as Chief of Police, effective forthwith, and appointed Richard Park to succeed him.

MINISTER TO SWITZERLAND.

CONVALESCENT SOLDIERS UNLOAD SHIPS IN IRELAND

(Continued from page 1.)

would result in any improvement in relations between their country and England. O'Ceallaigh replied: "None whatever."

Displeased.

"While it would be wrong to say Pope Benedict has departed from his policy of non-interference in the national affairs of Europe," the correspondent writes, "information has been received that he had expressed his pain and displeasure over the continuance of crime in Ireland. If his words have been veiled in diplomatic language, they nevertheless have revealed a definite state of mind—that no solution can ever be reached by one party murdering another. The Pope is keenly desirous of peace everywhere, and if he can in any way bring his moral support into play, he will do it. This was actually done in meeting Irish bishops and in receiving Irish civilian pilgrims.

A Reception.

Rome, May 28.—Sean O'Ceallaigh, "President of the Irish Parliament" and "diplomatic delegate extraordinary of the Government of the Irish Republic," gave a reception here on the occasion of the beatification of Oliver Plunkett, first Bishop of Armagh. Attending the function were Cardinal Logue, Primate of Ireland; Irish bishops, prominent citizens of that country, students of the Irish College here, Archbishop Hanna of San Francisco and Rev. Charles O'Hern, rector of the American College.

Received Cardinal.

Rome, May 28.—Pope Benedict yesterday received and bade farewell to Cardinal Logue, Primate of Ireland. The Pope requested the Cardinal to interpret his sentiments to the Cardinal's flock and to convey to them personally the Apostolic benediction.

Replying to an address from Cardinal Logue, Pope Benedict referred to the timeliness of the beatification of Oliver Plunkett, the first Primate of Ireland, and expressed his gratification at having been the instrument of God in the beatification. He wished the happiest future for Ireland, and concluded by giving the benediction to Cardinal Logue as the successor of Oliver Plunkett, to the Irish Episcopacy and to those representing Ireland, "and particularly to my beloved Irish people."

Raiders Escaped.

London, May 28.—A dispatch from Belfast said a sergeant and a constable were ambushed yesterday by masked men near Bellananagh, County Cavan. They fired when they were ordered to hand over their arms and wounded two of the men in the ambuscade. The sergeant was shot through the thigh. Thereupon the raiders took the policemen's arms and made their escape.

A Scene.

Two former soldiers named O'Neil and Burke, charged with shooting and wounding two constables, created a scene in court in Londonderry yesterday, when Burke made a dash to escape. He was recaptured. When the accused men were placed in the dock the crowd smashed the glass panels in the courtroom door and attempted to rescue them. The disturbers scattered, however, when the police levelled revolvers at them.

Railwaymen.

The executive of the National Union of Railwaymen issued a statement yesterday declaring that it considered the whole question had been made most difficult in Ireland by the refusal of the members of the organization to handle munitions or assist in any military operations.

The executive confirmed its resolution of Friday to submit the question to a full meeting of the Triple Alliance of miners, railwaymen and transport workers being arranged.

In the meantime the members were instructed to do nothing to prejudice full consideration of the case by that body.

SIDNEY MAILS TO CLOSE LATER

Conference Between Inspector Fletcher and Sidney Delegates

As a result of a conference yesterday afternoon at the Victoria Board of Trade, between Post Office Inspector E. H. Fletcher and President A. H. Walton and Secretary W. H. Dawes, of the Sidney Board of Trade, supported by James Forman and Joshua Kingham, of the Victoria Board of Trade, an improvement in the mail service at Sidney will probably be put into effect by June 1, whereby the closing time for outgoing mails from Sidney will be set at 5.30 p. m. instead of 3.30 p. m. as at present.

Under the existing system, mail is brought to Victoria on the B. C. E. R. train leaving Saanichton at 4.25 p. m. The extra time at Sidney will be gained by utilizing the 6.25 train from Saanichton, the transfer from Sidney to Saanichton by road being continued as at present.

Want Stage Service.

The Sidney Board of Trade will urge upon the postal authorities at Ottawa the abandonment of the present rail system, with the three relandings now required, and in its place give a contract for mail carrying to one of the automobile stage operators.

Inspector Fletcher cordially approved of sending mails as suggested, but pointed out that, some time ago, the stage men had been invited to tender on the usual two or four-year contract.

They had submitted prices for the service but had refused to sign a contract. He maintained that under those conditions it was not practical to have mails carried by road.

Mr. Fletcher thought it was probable that another call for tenders would secure more acceptable replies. The Victoria representatives endorsed the proposal of the Sidney delegates, Mr. Kingham saying he was confident the Victoria Board would lend its support, as a mail service by automobile stage would result in but one handling of the sacks and speedy delivery.

"As things are at present, Sidney is worse off than it was twenty years ago," was Mr. Forman's comment, after Mr. Walton had stated that much Sidney mail is now being handed to passing motorists for posting in Victoria.

ASK SIDEWALK ON QUADRA STREET TO PROTECT CHILDREN

A deputation last night waited on the Saanich Council, asking that a sidewalk be laid on Quadra Street, from Lake Hill Road to the North Dairy School. It was pointed out that automobile traffic is now so heavy as to make the roadway unsafe for children. Engineer Milne reported that an asphalt cinder sidewalk would cost $600 for the bad stretch between the post office and McKenzie Avenue.

Councillor Brooks said: "I'd be quite in favor of a sidewalk if it would keep the roadway clear, but I doubt it." Councillor Dooley agreed, citing experience on Burnside Road. "I want to see a sidewalk, but people will not use a plank walk, the roadway is always preferred. I use the paving myself," he said.

Councillor Terrell claimed that no funds are this year available for the work, and on his motion the question was laid on the table for further consideration.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only few cents

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

WILL HOLD CHORAL SOCIETY FUNCTION

What is anticipated as a pleasant social event is the tea dansant arranged under the auspices of the Victoria Choral Society to-morrow afternoon. There will be musical selections from 3 to 4 o'clock, and dancing from 4 to 6. Reservations may be made by telephoning 5435 or 5767.

SOCIAL & PERSONAL

Major Malcolm Bell-Irving narrowly escaped drowning on Wednesday in Coal Harbor, Vancouver. He had been out for a row in a small boat, and, returning to the floats near the Vancouver Rowing Club quarters, appeared to collapse, and the boat capsized. According to reports, the caretaker of the club rushed to his assistance and dragged him from the water. The major's collapse was due to his health having been seriously undermined by his overseas service, where he had an unusually brilliant record with the Royal Air Force. He has suffered amputation of one leg and was severely injured about the head, for which several operations were necessary. The family is very well known in this city.

☆ ☆ ☆

The wedding took place on Thursday night at "Breadalbane," Rev. Dr. Campbell officiating, of Frank Ernest Bowser, of Victoria, and Miss Margaret Redfern, who recently arrived from England. Messrs. A. H. Johnson and W. Bagg accompanied the bridegroom, and the bride, who looked handsome in a traveling suit of navy blue serge with hat to match, was attended by Mrs. C. M. Johnson as matron of honor. Mr. and Mrs. Bowser will make their home in this city.

☆ ☆ ☆

The Calgary Women's Press Club is entertaining at luncheon in honor of the many prominent visitors there this week. Among the number will be the provincial presidents of the I. O. D. E., Mrs. R. C. Boyle, representing British Columbia. It is expected that Mrs. Emmeline Pankhurst will be in attendance. Mrs. Arthur Murphy, national president of the club, will be among the honored guests.

☆ ☆ ☆

A brilliant and representative gathering of the younger social set is expected at the Alexandra Club ballroom to-night for the dance being held under the auspices of the Victoria Lawn Tennis Club. The limited number of tickets issued have all being taken by the members of the club and their many friends. Dancing to Professor Heaton's orchestra will continue into the small hours.

☆ ☆ ☆

Miss Dorothy E. McAdam, of Begbie Street, left by last night's boat to visit her brother and aunt, Mrs. D. A. Ross, in Des Moines, Iowa, for the next three or four months, on her way East, she intends to stop off at Moose Jaw for a couple of weeks to visit friends.

☆ ☆ ☆

The Most Worshipful Grand Mistress Grace A. Kerley and Grand Secretary Miss Jennie Gordon, of Toronto, are being entertained by the various L. O. B. A. lodies of Vancouver, where they are the guests of Past Grand Mistress Mrs. J. J. Tulk.

☆ ☆ ☆

Mr. and Mrs. Herbert Drummond have returned to Vancouver after spending several months in England and on the continent. Mr. and Mrs. Drummond are frequent visitors to Victoria, and usually make an automobile tour of the Island each year.

☆ ☆ ☆

Mr. and Mrs. Chris. Spencer announce the engagement of their daughter, Norma Winnifred, to Mr. Fred McGregor, of Vancouver. The marriage will take place in June.—Vancouver World.

☆ ☆ ☆

Mr. and Mrs. Melville Dollar, who returned last week from their extended honeymoon abroad, are now occupying their charming home on Laurier Avenue, Vancouver.

☆ ☆ ☆

Miss Crease has gone to Vancouver, where she will address the annual meeting of the Anglican Women's Missionary Auxiliary in Christ Church.

☆ ☆ ☆

J. E. Armishaw who has been so closely identified with the Returned Soldiers' Settlement at Sayward, is a guest at the Dominion Hotel.

☆ ☆ ☆

E. N. Baker and Mrs. Baker, of Duncan, are spending a few days in Victoria, and are making the Dominion Hotel their headquarters.

☆ ☆ ☆

Mr. and Mrs. Colvin Johnson and their daughter, are the guests of Mr. and Mrs. Charles Copeland, Minto Street.

☆ ☆ ☆

Miss Leigh Spencer, of Vancouver, is visiting Mrs. E. F. Guthrie, of Medford, Ore., at the Cadboro Beach Hotel.

☆ ☆ ☆

C. F. Greene, who operates the store on James Island, is at the Union. Mrs. Greene accompanies him.

☆ ☆ ☆

Mr. and Mrs. Arthur Leighton, of Nanaimo, were registered at the Empress Hotel yesterday.

☆ ☆ ☆

Lady Lougheed and Miss Dorothy Lougheed are staying at Banff for a few weeks.

☆ ☆ ☆

Mrs. Will Brown left on Thursday afternoon on a business trip to Vancouver.

☆ ☆ ☆

Mr. and Mrs. J. A. Fahey, of Toronto, are guests at the Empress Hotel.

☆ ☆ ☆

B. G. Odberg, of Saturna Island, is registered at the Dominion Hotel.

VANCOUVER SOPRANO HEARD IN RECITAL

Elizabeth Douglass Gave Pleasing Programme; Assisted by Mrs. Phillips

Through the medium of the Ladies' Musical Club a Victoria audience made the acquaintance of Elizabeth Douglass, a Vancouver vocalist, last evening. The concert in the Empress Hotel ballroom also served to introduce Gladys Bezeau Phillips, a Vancouver pianist, who assisted Mrs. Douglass.

The possessor of a flexible soprano voice of good range and moderate power, capable of pleasing coloring, Mrs. Douglass chose her programme with taste, the result being a commendable variety of selections in which the singer always felt herself at home. Handel's "Care Selve" and Puccini's "Vissi D'Arte" composed the first group, "Carnaval," by Fourdrain, a composition of vivacity; L'Heure Silencieuse," by Staub, a thing of more delicate tracery, and "Chasson Norvegienne," by Fourdrain, making up the second group, enhanced the reception accorded Mrs. Douglass on her first appearance.

"The Crying of Water," by Campbell-Tipton, one of the numbers of the third group, was sung with a big open tone befitting the theme. "My Madonna," Robert W. Service's poem set to music by Ross, proved to be one of the most popular of the soprano's offerings.

An aria from Charpentier's "Louise"—De puis le jour"—and a further group of four short songs—"Dawn," by Pearl Curran; "Twilight," by Katherine Glen; "A Rondel of Spring," by Bibb, and "Summer Time," Ward-Stephens — completed the singer's set programme, but she was called upon by her audience to supplement the numbers with two encores.

Chopin's Sonata in B Minor was Mrs. Phillips' chief offering. The four movements—Allegro Maestoso, Scherzo, Largo and Finale—gave her opportunity to display a variety of clearly marked shadings and mastery of a technique which fits her to encounter compositions of great intricacy.

In "On Wings of Song" (Mendelssohn-Liszt), Mrs. Phillips achieved her finest tonal effect, her other number being McDowell's "Etude de Concert."

CORNER CLUB LEARNS ABOUT LOYAL SEAMEN

The Girls' Corner Club had an exceptional opportunity of hearing an instructive address when last night Colonel W. Dennis, of the Royal National Mission to Deep Sea Fishermen, spoke to an interested gathering on the work of that organization.

Colonel Dennis impressed his audience with the fact that 85 per cent. of these men had volunteered for mine sweeping during the war, and had by their heroism and self-sacrifice rendered invaluable service at the most critical time of the war.

Colonel Dennis is on his way to the Atlantic Coast for the purpose of learning of the work carried on in Labrador by the celebrated Dr. Grenfell. While in the city Colonel Dennis is visiting his son, R. C. Dennis, of Vancouver Street.

The refreshments served by the club last night were provided by the ladies of the Reformer Episcopal Church, and during the evening a musical programme in the form of singing by club members and a solo by Rev. A. de B. Owen was a greatly appreciated feature.

At the close a very hearty vote of thanks was tendered Colonel Dennis for his address.

MRS. PRIOR TO OPEN FETE AT "GONZALES"

No efforts have been spared to make the garden fete to be held next Wednesday at "Gonzales" by the Ladies' Guild of the Connaught Seamen's Institute, in conjunction with the Navy League Chapter, I. O. D. E., a conspicuous success. A number of organizations are co-operating in various ways, and the event should be one of the most enjoyable of delightful Summer functions.

Mrs. E. G. Prior, wife of the Lieut.-Governor, will open the fete. On the reception committee will be Mesdames F. B. Pemberton, Curtis Sampson, Croft, Jenkins, Quainton, Snow Morley, McMicking, Troupe, Neroutsos, Weston, Hodgins, Thomson, Rowlands, Hotham, and Miss Crease.

A number of handsome donations towards the attractions for the fete have been received from interested organizations, including the Campbell Patriotic Club, and the Regina Philo. Auxiliary, Daughters of the Covenant.

ON MORAL EDUCATION.

Mrs. Samuel Sea addressed the regular monthly meeting of the Central W. C. T. U. on Thursday afternoon at the Y. M. C. A., and gave an instructive lecture on the moral education of the young. Delegates appointed to represent the union at the annual convention of the Provincial W. C. T. U. in New Westminster next month were Mrs. Spofford, Mrs. Clements and Mrs. William Grant. The president, Miss Wark, occupied the chair, and following the business session, Mrs. Greigson rendered a very pleasing vocal number accompanied at the piano by Mrs. Perry.

WOULD CELEBRATE ROYAL BIRTHDAY

I. O. D. E. to Ascertain If Public Observance Is Now Intended

The wish that the Imperial Order Daughters of the Empire might participate in some way in the observance of the birthday anniversary of King George was expressed at the meeting of the Municipal Chapter on Thursday afternoon, at which the regent, Mrs. Curtis Sampson presided.

It was decided to ascertain if any steps were being taken publicly to observe the King's birthday. During the war the anniversary, it was understood by His Majesty's wish, was not publicly celebrated, but now it is felt that the King's birthday would be a fitting occasion to publicly observe it.

Mrs. A. F. Griffith, convener of the Alexandra Rose Day Committee, called a meeting of the regents of all primary chapters at 2 o'clock next Monday afternoon, at the headquarters, at which final arrangements will be made for the sale of roses in the stores of many well known business firms on Saturday, June 12.

Mrs. Curtis Sampson gave the financial report of the pageant float, and though all accounts are not yet available it is expected that the total expenditure will be under $100.

A gratifying report of the magazine committee was received from Mrs. H. R. Beaven, who has been liberally assisted by Miss Pitts and Miss Pemberton in distributing literature to the returned men in hospitals. Mrs. Mortimer Appleby, reporting for soldiers' graves, appealed for more general support from the chapters as well as increased financial assistance to enable the committee to carry on its work. Mrs. Appleby stated that a donation of $10 had been received from Capt. Neroutsos to help with this work.

DAUGHTERS OF NILE AT INFORMAL DANCE

There was a large assembly of dancers at the Alexandra ballroom on Thursday night when members of Miriam Temple 2, Daughters of the Nile, gave an informal dance which was attended by over a hundred couple. A five piece orchestra rendered an excellent programme of dance music, their efforts resulting in continuous demands for encores.

A charming decorative scheme was carried out in the colors of the order with narcissi, broom and foliage. Downstairs in the cafe, where the same color scheme was repeated, supper was served under the convenership of Mrs. Spence. The following ladies comprised the committee in charge of arrangements for the affair: Mrs. G. H. Maynard, convener; Mrs. Spence, Mrs. Ada Brown and Miss Trickey.

AIR FORCE OFFICER MARRIED IN LONDON

The marriage took place recently in London, Eng., of Major William Herbert MacKenzie, A. F. C., Royal Air Force, eldest son of Mr. and Mrs. George MacKenzie, of 1422 Gladstone Avenue, Victoria, and formerly of Hillsboro, Prince Edward Island, and Christabel, widow of Leigh Kent, and only daughter of the late Leonard Pelly, Esq., of Waltons, Ashdown, Essex, England, and great granddaughter of Sir John Henry Pelly, one time Governor of the Hudson's Bay Company. The couple are residing temporarily at Rusholme, Alvestoke, Hants, Eng.

PLAN FIRST BIG FETE.

The first big fete planned by the Girl Guides of Victoria will be held at "Gonzales" on Saturday, June 5. Mrs. Albert Griffiths, Commissioner of the Girl Guides, bespeaks the support of the Daughters of the Empire in making the affair a success by attending.

BOLSHEVIKI CLAIM TROOPS ADVANCING

London, May 28.—Bolshevik troops are advancing in the Kiev region and are engaged in fighting on the second fortified line of the Poles northeast of that city, it is announced in Thursday's official statement by the Soviet Government received by wireless from Moscow to-day.

The statement says the fighting line runs ten miles north of the village of Brovari. This village is about ten miles direct east of Kiev.

Hard fighting on other sectors of the front, to the north of the Kiev region, is indicated by the communication.

NO REASON FOR FLOW LINE PROBE ALDERMEN ASSERT

Engineer's Department Has Situation Well in Hand, They Say

No investigation into leakages in the Sooke Lake waterworks flow-line as proposed by Alderman A. E. Todd is likely to be held, judging by the comments on the proposal voiced by some members of the City Council this morning.

"No such investigation is required," declared Alderman George Sangster, who, as chairman of the Streets Committee, exercises general supervision over waterworks matters. "I cannot see why it has been proposed at all. The whole matter of leakages in the flow-line has been thoroughly investigated. We have been considering it for a long time and are acting to effect remedial measures.

"There is absolutely no necessity for alarm—no need to take any notice whatever of what Alderman Todd calls 'alarming rumors' regarding the leakages in the flow-line. As a matter of fact, the present condition has prevailed since construction and we have been fully aware of it. The whole trouble is that the flow-line contracts and swells with the change in temperature. Thus during the Winter and the colder weather there is sufficient space between the ends of each pipe to allow leakages. It is proposed by the Sanderson & Porter firm of engineers which installed the waterworks that the city allow the clay to enter the flow-line and be carried along its length, thus sealing the joints. That is quite impracticable and only a temporary expedient for this reason: after the clay has become lodged in the cracks and has stopped the leakage, the pipes, under the influence of temperature, begin to contract again. The clay naturally works out of the cracks and they are as bad as ever.

"However, we have voted sufficient money to allow the Engineer this year to experiment with a new kind of joint which would allow the contraction and expansion of the pipes. We plan to install a number of them this year and see how they work. If they are satisfactory more could be installed as time goes on. These joints cost $15 apiece. How many we would install would depend, of course, on the result of our experiments this year.

"Thus the civic authorities have the situation fully in hand and are acting to cut down leakages. There is no necessity for alarm.

"As for the suggestion that there be an investigation by a Mainland engineer—there is no necessity for that, as Mr. Preston understands the waterworks perfectly, and as we have in our employ an expert who probably understands concrete pipes as well as any man in the country."

In a report to the City Council on the whole question of flow line leakages, City Water Commissioner F. M. Preston states that, if the experiments which he plans to perform with an expansion joint this year are successful, such joints could be installed all along the pipe line for $25,000.

Mr. Preston further states that during the years 1914 to 1919 the average leakage in the flow line from Sooke Lake to Humpback Reservoir amounts to 26.9 per cent. of the total amount of water leaving the Lake. The total loss of water for this period, he states, was 1,789,185,000 gallons. As the consumption of water last year totaled approximately 900,000,000 gallons, it will be seen that the total loss during the five years was about twice as much as last year's consumption.

MAYOR PLANS BIG FIGHT FOR DOCK

Prepares Campaign Should Dr. Tolmie Request Assistance

Mayor Porter this morning took preliminary steps in the preparation of a campaign, the object of which is to make certain the construction of the Esquimalt Drydock.

After consultation with Joshua Kingham, former President of the Board of Trade, who has just returned from Ottawa, the Mayor announced that he intended to ask all public bodies to prepare telegrams to be sent to Premier Borden should bad news on the drydock be received in the near future. "We will do nothing until we hear worse than has been received up to now," he stated. "However, I intend to ask the public organizations of the city to have wires in readiness to be sent immediately we hear from Dr. Tolmie that he needs help in his fight for the dock. Some organizations have dispatched such telegrams already, and others have them in readiness to be sent when required."

The Mayor yesterday received the following telegram on the drydock question from Dr. Tolmie in answer to a wire which he had dispatched previously:

"Nothing alarming yet. Extremely high prices wages and materials are causing careful consideration."

The Board of Trade received this telegram from the Minister:

"No reason for uneasiness about drydock. Extremely high prices labor and material cause for careful consideration. Will keep you advised."

FIUMIANS HELD IN ROME ARE FREED

Rome, May 28.—Responsibility of the police for the arrest and search of all Dalmatian and Fiumian natives now in Rome, which occurred Monday, will be established by an investigation here by the general prosecutor of the Court of Appeals. All who were arrested have been released, as no accusations against them could be substantiated

DEAN QUAINTON CLAIMS WEAKNESS OF THEOSOPHY

Brilliant Analysis of Basis of Theosophy at United Clericus

"The one great point on which the teachings of the Theosophists and the Christian faith disagree is the attitude which each assumes toward Jesus Christ. We cannot put Buddha, Marcus Aurelius and Confucius on a parity with our Lord. The Theosophists can and do.

"Then again, Theosophy offers no means of grace, and, all in all, this teaching is a comfortless and precarious thing." Such was the summary with which Dean Quainton closed a paper on "Christ and Theosophy" read to the Anglican Clericus this morning, at its last formal session held in the Christ Church Cathedral schoolroom.

Closest attention marked the attitude of the assembled clerics, and abstruse, involved examples of Theosophic reasoning later came in for much questioning.

Dean Quainton opened his address by stating that, not disparaging Eastern religions, a Theosophist was one who claimed a special insight into God's nature.

Revive Old Teachings.

The Gnostics of olden times were the forerunners, and the later neo-Platonists had also stated many of the doctrines and theories supported to-day by Theosophy, having enunciated them in an effort to combat the growth of early Christianity.

"The brotherhood of man is the keynote of Theosophy; you may believe any and every other creed, and provided you subscribe to that one fundamental idea, you will be welcomed among the Theosophists.

"I cannot comprehend how it is possible to reconcile the Christian faith with a grinning Monkey God, sitting over the Theosophist Temple at Benares, but the Theosophists say that it is possible, and a little red elephant presides over the home of Mrs. Besant. These things are beyond my understanding.

Mystic Reasoning.

"One of the claims which Theosophy makes on people is its mysticism. Mrs. Besant in her book, 'The Changing World,' says the mysticism of the Christian religion is to-day lost, and I fear that with many people this charge is true."

Dean Quainton then cited examples of the thought processes elaborated by the adepts and experts of Theosophy, among them being their conception of reincarnation, and the constitution of the Universe.

"They claim that man must pass through countless worlds and ages, making the round of the seven planets of our system, passing through each seven times before starting on the next chain of travels. On each of the seven planets there are, they say, seven races, each race is subdivided into seven sub-races, and a soul must pass through all these before starting on the next world chain.

"Where are we to-day? Well, the Theosophists say we are now passing through the fourth round of the Earth chain, we have been through the Mars chain, and have got a million years to go before passing to the next.

"What is the authority, Theosophists give for these reasonings? Very simple, the adepts and experts have thought it all out, and they are Madame Blavatsky, Mrs. Besant and Mr. Leadbeater.

Tends to Fatalism.

"Such a slow progress for the human soul necessarily leads to fatalism, and except to the adept Theosophy offers no hope for the future.

"Where this teaching stops short Christianity steps forward, with living and vitalized ideas which not only speak of the wages due for broken law, but also tell of redemption, not leaving us to bear the full rigorous penalty for our sins. The Karma of Theosophy is relentless, nature is relentless, but if mercy lives in the mere human man how much more so must God be merciful."

STRIKE DISORDER IN RHODE ISLAND

Bristol, R.I., May 28.—Two strike sympathizers were wounded with pistol shots and three factory guards injured with stones during a riot today outside the plant of the National India Rubber Company. The trouble started on the arrival of women clerks and other employees whose work had not been stopped by a strike. Women among the strike sympathizers pulled the stenographers hair and several of the latter were roughly handled.

Combines the Two Essentials of Tea Perfection

There are two prime essentials in the production of this delicious new tea called Lanka.

First, the original tea must be the choicest pickings from the finest varieties grown.

Second, the blending of these choice growths must be done with superlative skill to attain the highest perfection of flavor.

The teas which achieve the Lanka blend are the best the hill gardens of Ceylon can produce.

The result is exquisite flavor, delicious bouquet and the rich sparkling color which proclaims fine tea.

Your grocer can supply you with Lanka Tea. He welcomed its introduction as the opportunity to supply his customers with the best tea the world produces. It comes in the handsome striking package, illustrated in this advertisement. The price is but 75 cents a pound.

Lanka Tea is imported and packed by

WM. BRAID & COMPANY, Vancouver, Canada

LANKA TEA

WOULD PUT COST OF DITCHING ON PROPERTY OWNERS

Saanich Council Considers Means of Reducing Demands for Ditching Work

"People come to us continually, asking us to open ditches and control waterflows on private lands. We must find some relief, and it is this Ditches and Water Courses Act, if we will bring it into effect," was Councillor Henderson's summary of a lenghty discussion in Works Committee at last night's meeting of the Saanich Council.

A report by Engineer Milne, advising the Council to adopt as a policy the Ditches and Water Courses Act, 1907, was received with pleased comment, and while a majority of the Council favored delay in action, they based their arguments on need of time to consider details involved. "This is a big thing; I want to be sure we are not undertaking too big a thing before we take final action," said Reeve Watson.

Councillor Dooley moved that the report be adopted and the Act brought into effect. Reeve Watson moved as amendment that the report be tabled for further inquiry, and the amendment carried.

Engineer Milne's report is as follows:

"As you are aware, numerous applications and complaints are received regarding water courses and ditches, most of the applications being for some improvement to relieve flooding, etc. In view of the large number of such ditches, the liability of the cleaning and maintenance would be a serious matter to undertake by the Corporation.

"I would recommend that the powers embodied in the Ditches and Water Courses Act, 1907, be applied for the proper maintenance of the water courses and ditches of the municipality.

"The following is a synopsis from the Act:

"'1. The Act is compulsory, and under it an Engineer must be appointed by resolution of Council (in this case the Municipal Engineer has power to act).

"'2. Any owner may commence the necessary proceedings for draining their land, or the municipality may do so to drain their roads.

"'3. Any owner or the municipality may serve notice on the owners of other lands affected asking them to attend at a certain time and place, and agree as to what work should be done, what land should be liable, and how the work should be paid for.

"'4. If the owners fail to agree, the Engineer under the Act must inspect and decide what work shall be done, what lands are liable, what each shall pay, and who shall maintain the work, and make his report in the shape of an "award."

"'5. He then notifies all owners affected of their approximate awarded cost, giving them power to do their own portion if they so desire within a stated time.

"'6. If all, or any owners fail to do said work within said time then he is empowered to call for bids and let the work to the lowest bidder.

"'7. The "award" may be enforced when the work is complete, and if the sum named therein is not paid same, cost is entered in the Tax Roll against the property, and may be recovered in the same manner as municipal taxes.'"

STATES AERODROME NECESSARY TO CITY

Aerial League Advocates Public Landing Grounds For Sea and Land Craft

At a general meeting of the Aerial League of Canada Wednesday night, it was decided to take immediate action on the question of endeavoring to secure a public aerodrome and sea base for Victoria. It was stated by Mr. Crockett that the need for such facilities was rapidly becoming apparent, as Victoria was directly in the Aerial Route to many outstanding points to which commercial air service would shortly be developed.

It was the Western terminus of the Trans-Canada Airway, a stop over point between Seattle and Sitka on the Alaskan route, he said, and also the logical place for commencing or finishing any trans-Pacific flight that might be attempted in the coming year.

To develop the project further a committee of two was struck consisting of Messrs. Kelly & Thomsett, who will endeavor to enlist public support of the project.

It was pointed out that the cost of the scheme was not a very heavy item. A sea base for the present only requires a sheltered position of land-locked water where machines could land undisturbed by obstructions in the water. A suitable field for an aerodrome it is stated would be one that was 300 by 700 yards with fairly open approaches and level ground. Many such fields are now in use for grazing, and would do admirably without any alteration beyond marking as stipulated in the Air Board repulations. Hangers and buildings could be erected years later when the need for them was beginning to make itself felt, but for the moment, the members contended, all that was required was an allotted portion of land and water—free for the use of visiting aircraft—that could be registered under the 1920 Air Regulations as a "customs air harbor."

In moving the project some time ago, Mr. W. H. Brown, former secretary suggested a site at Cadboro Bay for the seaplanes, and a field adjacent to that neighborhood for the aerodrome, both sites on good roads, and within easy reach of the city.

The members of the league in discussion expressed the opinion that many Old Country Aircraft manufacturers who would be willing to settle here for the expansion of their building operations, have shown themselves to be loth to take the venture owing to lack of the requisite facilities.

SICK HEADACHES For Last 10 Years

Headaches affect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause, for which the cause removed the headaches vanish for all time.

What is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all description than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Flora Hall, Dominion, N. S., writes: "I have been troubled with sick headaches for the last ten years. I had lost faith in all remedies until recently a friend of mine advised me to try Burdock Blood Bitters. This I did, and found relief in a very short time. I would now recommend B. B. B. to anyone who is suffering as I did. I only took three bottles, and am never troubled with sick headache any more."

B. B. B. has been on the market for over 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Until Further Notice We Will Sell the Following High-Grade Musical Instruments and Sundries

PROHIBITIONISTS ORGANIZE UNIT

Prohibitionists residing in James Bay last night organized a James Bay unit which is to carry on active propaganda in anticipation of the coming Prohibition plebiscite.

It was stated that it was the intention of the Prohibitionists throughout the city to organize ward units, more than one to the section where necessary. James Bay will be joined by another unit from residents east of Beacon Hill in Ward 5. Public meetings are to be called shortly to carry on the work.

The officials elected last night were: Fred W. Davey, chairman; F. Slater, head of finance committee; D. McLean, head of the Voters List Committee; Miss Renfree, secretary.

BRIEF LOCALS

Tractor Works Well.—Engineer Milne reported to the Saanich Council last night that the new tractor now being used on road work is fully up to expectations.

☆ ☆ ☆

Sewer By-law Read.—The Saanich Council last night put through its first reading a by-law authorizing an agreement with the city regarding the Northwest sewer.

☆ ☆ ☆

Inspected Tyndall Avenue.—The Saanich Council this morning inspected the work recently performed on Tyndall Avenue, Gordon Head, complaints as to its condition having been made at last night's meeting.

☆ ☆ ☆

Rosicrucian Fellowship.—The fellowship will begin a series of studies in "The genesis and evolution of our solar system" to-night at 8 o'clock in room 133, Pemberton Building, to which those interested are invited.

☆ ☆ ☆

To Sell Flags.—Small flags will be sold in the stores of the city to-morrow to assist the Connaught Seamen's Institute. It is hoped that the public will contribute generously to this worthy cause.

☆ ☆ ☆

A Heavy Sidewalk.—Residents of Ker Avenue last night petitioned the Saanich Council to use heavy planking discarded from the Gorge bridge in building a sidewalk on their street. They will be informed that the used lumber is too heavy for sidewalk purposes.

☆ ☆ ☆

"Ratepayers' Associations." — "We are getting too many complaints from Wards One and Three, where the Ratepayers' Associations are all the time making kicks on roadwork," said Councillor Dooley to the Saanich Council Works Committee last night, when discussing road oiling in Gordon Head.

☆ ☆ ☆

Favors Licensing Principle.—The Saanich Council last night received a report from Chief of Police Brogan, enumerating forty-seven businesses in Saanich liable under a licensing by-law, which Clerk Cowper was instructed to prepare. Chief Brogan recommended that jitney operators and junk collectors be licensed in addition to ordinary businesses.

☆ ☆ ☆

Value Debated Courses.—The Cedar Hill Parent Teachers' Association last night decided to send a deputation to the Saanich School Board to urge continuance of manual training, domestic science and school gardening courses in the schools. The delegation will be Mrs. James, Mrs. Edgar Hinds, Rev. A. G. Wells and D. S. Tait.

☆ ☆ ☆

Woodpile Shrinking Fast.—Councillor Brooks last night pointed out to the Works Committee of the Saanich Council that wood cut by Saanich on that portion of the West Saanich Road, now the subject of court action with Mr. Watt, is rapidly disappearing. The cost involved is $762 for nearly 200 cords, and the Clerk was instructed to ask the Municipal Solicitors as to the likelihood of an early decision.

☆ ☆ ☆

Bridge Unsafe. — Engineer Milne last night told the Saanich Council that the bridge over Hagan Creek on the West Saanich Road is unsafe, and would cost 2,088 to put in shape. He advocated its replacement by a permanent structure. The Council deferred final action, and ordered that in the meantime the bridge be marked as dangerous and a weight limit of two tons be imposed, with a speed limit of three miles per hour.

☆ ☆ ☆

To Entertain Journalists.—To arrange for the entertainment of the party of British journalists due to arrive here from the Orient in August, a meeting of representatives of the city's public and semi-public bodies will be held in the Board of Trade rooms at 11 o'clock on Monday. Over 100 newspapermen are in the party, and President Beatty, of the C. P. R. has arranged for their accommodation at the Empress Hotel during the three days to be spent here.

☆ ☆ ☆

Inspects School Cadet.—The University School Cadets were yesterday inspected by Brigadier-General Ross, D. S. O., G. O. C., and Col. Belson, O. L. C. C., who reviewed the work of the corps in action during a mimic engagement. Full military details were observed with "barbed wire," machine guns, signallers and heavy artillery." The corps was put through severe tests, and emerged with a dash and aclat that would have done infinte credit to older heads. The inspecting staff praised the work of boys and complimented the staff instructor Sergt.-Major Watson and the cadet officers on the results of their training. The ambulance section was seen to be very effectively engaged during the battle.

☆ ☆ ☆

Motor Cyclist Injured.—When his motorcycle collided violently with a motor car driven by Henry Mitchell, at 8 o'clock last night Stanley Doidge, of 1463 May Street, was thrown to the pavement at the corner of Richardson Street and Linden Avenue, and sustained injuries amounting to a broken leg, broken finger, and severe cuts about the face and head. Constables Bishop and McPherson rendered first aid, and conveyed Doidge to St. Joseph's Hospital, where his injuries were attended to by Doctors McMicking and Sinclair.

☆ ☆ ☆

Valuable Ring Stolen.—A platinum and diamond ring valued at $300 was stolen from the home of Thomas Bardon at 324 Stannard Avenue on Thursday last. Mr. Bardon reported his loss to the police to-day.

☆ ☆ ☆

Fails in Quest.—Reporting to the police on May 11 that she had lost a ring valued at $900, Margaret McDonald, of the Victoria Club, again got in touch with the authorities today. It is alleged the lady went to a medium, who for a slight honorarium told her what had become of the lost jewel, and even described the type and characteristics of the man who was alleged to have found it. The search being fruitless, she has returned to the police for aid.

☆ ☆ ☆

Cyclist Knocked Down.—A youth named Kirkbride riding a bicycle on Quadra Street at 8.30 o'clock this morning was struck by a motor car driven by W. Dickinson, who reported to the police that he had atttended to the boy and conveyed him to hospital, where his injuries were found to be slight, and he was discharged. Dr. Bryant attended.

☆ ☆ ☆

Death, Natural Causes.—Inquest on the body of William Gibson, steward of the Princess Royal, who was found dead in his bed in the Gordon Hotel on Wednesday, was held to-day at the Thomson Funeral Home. The jury found that death was due to natural causes, Mr. Gibson being an elderly man of fifty-two years of age. Coroner Hart presided.

☆ ☆ ☆

Will Represent City. — Mayor Porter's popular secretary, Miss Kathleen O'Rourke, has been requested by His Worship to represent Victoria in the Rose Carnival in Portland, where Miss O'Rourke will spend her vacation in the near future.

☆ ☆ ☆

To Discuss Water Scheme.—A meeting of Ward 3 ratepayers of Saanich will be held to-morrow evening at 8 o'clock at the Gordon Head Hall, to discuss the water and sewer extension proposed in the by-laws now being drafted.

OBITUARY RECORD

The funeral of the late William Gibson who passed away on Wednesday last has been arranged to take place to-morrow at 10 o'clock from The Thomson Funeral Home. Mr. Gibson is survived by a mother residing in Walkerton, Ont., and three sisters and three brothers. Interment will be made at Ross Bay.

The death occurred yesterday at the Jubilee Hospital of Charles William Pawlett, a resident of Nanaimo, who came to this city a few days ago for surgical treatment. The late Mr. Pawlett was forty-nine years of age, and a native of Liverpool, England. The remains are reposing at the B. C. Funeral Chapel, and will be shipped to Nanaimo this afternoon for interment. Mrs. Pawlett and her son will accompany the remains. Mr. Pawlett was well known in Nanaimo, and his many friends there will deeply regret to hear of his death.

The funeral of the late Mrs. Mary M. Blackett took place yesterday afternoon from the residence of her daughter, Mrs. F. F. Hedges, 1327 Arm Street, where an impressive service was held by Rev. R. M. Thompson. A large congregation of friends attended. Two hymns were sung, "Abide With Me," and "The Sands of Time Are Sinking." The remains were laid to rest in Ross Bay Cemetery. The pallbearers were: Edgar Fawcett, Capt. J. W. Gidley, A. McNiven, George Glover, C. H. Beaven and E. Waller.

TEACHERS SAY THEY ARE TO RECEIVE ONLY SMALL SALARY RAISE

Board Has Not Met Their Requests by Any Means, They State

In a statement given out this morning, the Victoria and District Teachers' Association asserts that Victoria teachers are not going to receive anything like a twenty per cent. salary increase this year and that the decisions of the School Board in regard to salaries does not nearly meet their requests. The teachers, it is stated, are considering the Board's decisions and are about to negotiate further with a view to securing the immediate application of a bonus which the Board has decided will become operative next year.

"In the opinion of the Teachers' Association," the statement says, "in regard to the proposed increases in salary, what the School Board has offered in the present year's estimates is an increase of $7,000. Already the teachers are due for an increase in September which amounts to $6,000 in the current year. Thus of the $13,000 which the Board has set aside for increases only $7,000 represents a real increase this year on the total salary expenditure of $240,000.

"Regarding the bonus which the teachers asked for in March, the Board has promised to make it operative in January 1, 1921. That represents an expenditure in the next financial year, 1921, of about $12,000.

"The teachers asked for a bonus in February of this year and the increase in September next. The immediate bonus request was dropped, as they were promised substantial increases in September. In April the teachers asked for an increase equal to three increments and the Board has now offered them as stated above, which is really one increment actual increase.

"It must be stated, however, that the Board has raised the maximum and minimum salaries by two steps.

"In other words the increase granted is actually about three per cent."

NEW PROHIBITION TO RULE TUESDAY

Some Salient Features of Regulations Shortly in Force

On Tuesday next, June 1, the remaining four sections of the amendments to the British Columbia Prohibition Act passed at the recent session of the Legislature will go into effect. On and after that date it will not be possible to obtain a prescription for more than eight ounces of liquor save and exception under the special conditions set out in the amended statute.

The sale of all tinctures and essences will be similarly regulated, and in the case of tinctures it will not be possible to obtain more than four ounces in any one day, the purchaser to be a bona fide householder.

No peddler or transient trader may traffic in tinctures after Tuesday next, while the sale of extract of ginger and Hoffman's drops (ether compound) may be sold only by a duly qualified druggist or a doctor's order prescribing no more than two ounces for any one day to a bona fide householder.

Local Warehouses.

Another section which will come into force on Tuesday is that designed to regulate warehouses. That is to say, it will not be possible henceforward to obtain delivery of liquor within the Province from a local warehouse. Only those deliveries that are made from one warehouse to another will be within the four corners of the altered statute.

Hitherto it has been possible to place an order for liquor locally and get delivery during the same day on receipt of "release instructions" from the agent of the local warehouse doing business ostensibly in another Province.

Similarly after Tuesday next all manufacturers of near beer must label their bottles and barrels with the name of the brewery from whence the product comes.

Stores Ready.

According to the Prohibition Commissioner the various Government vendors are ready for the new style of distribution. A goodly supply of eight-ounce bottles have arrived and the officials are busy bottling the new "line."

It is probable that all the stock of bottled goods will vanish into the smaller receptacles, a number of corks having been removed already from bottles of standard make, the sight of which will be for those only who pay a periodical visit to the official store.

"TIZ" EASES TIRED, SORE, SWOLLEN FEET
Instant relief for aching, puffed-up, calloused feet and corns.
Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off! Why don't you get a box of "Tiz" from the drug store now and gladden your tortured feet?
"Tiz" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.

Unbeatable Tire Value!

HEAVY HOWITZERS ARRIVE FOR FIFTH

Four Eight-Inch Howitzers and Four Eighteen Pounders Here

The first consignment of howitzers and field guns for the local unit has arrived and is being removed to the new Drill Hall at Bay Street. The equipment includes four eight-inch howitzers for use of the 5th Regiment, R. C. G. A., and four eighteen-pounders for the 58th Battery. In addition there is a full list of limbers and other gear incidental to the ordnance.

For the Vancouver 15th Brigade Artillery guns and limbers have arrived here for storage until the Vancouver authorities can find a place for them.

Heavy tractors spent all day yesterday hauling the guns to the Armory, evoking memories in the minds of many as they were drawn through the streets.

ASKS FLAT BONUS FOR CIVIL SERVICE

Dominion Civil Servants Met Here Last Evening; the Salary Question

At a largely-attended and thoroughly representative mass meeting of the Dominion Civil Servants of Victoria, the following resolution was unanimously adopted last evening:

"Whereas, the Federal Government having already given positive assurances to the civil servants of Canada that the re-classification of salaries would become law as from April 1, 1919, through legislation to be passed at the present session of Parliament.

"And whereas the delay in granting this much-needed increase of relief to a service which is notoriously underpaid has caused untold suffering and distress with a growing spirit of suspicion as to the ultimate successful result to the service as a whole;

"Therefore be it resolved that the Government be most urgently requested to pass this measure without further delay."

The following rider was added later:

"That in view of the inadequacy of the bonus as reported to have been voted for the present year, that the Government be requested to increase the same to a flat bonus of $600 for each member of the civil service, irrespective of whether they are married or single."

The resolution will be sent to Sir Robert Borden, Hon. N. W. Rowell and Hon. S. F. Tolmie.

POLICE COURT CASES INCLUDE LIQUOR CHARGES TO-NIGHT

John W. Earp, proprietor of the "Frisco," at the corner of Dallas Road and Erie Street, was charged with two counts this morning in the Police Court, one of selling beer over strength and the other of being in possession of liquor in other than a private dwelling.

Mr. Aikman appeared for the accused, and after pointing out a difference in the reports of the public analyst and that of the analyst employed by his retainer, asked for an adjournment until to-morrow, which was granted. W. F. Best, the analyst, quoted the three bottled samples taken as 3.30, 3.28 and 3.09 respectively. Mr. Aikman contended that it was virtually impossible to determine the exact contents of any liquid to the degree of accuracy required.

Jacob Chips, Indian, J. Kippen, and James Goudie shared a like fate in contributing the usual $5 to the exchequer as a result of their too-joyful wanderings. Saanich Bill, widely known character amongst the Indian Colony here, appeared on a similar charge, and to the magistrate who engaged him in the Songhees tongue, admitted that he had been slightly drunk. He accepted his fine with a beaming countenance. A youth charged with stealing a motor car, the property of Andrew Sheret, was proved to be under age, and was referred to the juvenile court for trial.

TRY MAGNESIA FOR STOMACH TROUBLE
It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.
Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.
But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisurated magnesia which you can obtain from practically any druggist in either powdered or tablet form.
Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.
You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow, and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion

Big Saturday Shoe Bargains
Summer shoe styles here at moderate cost—specials for to-morrow's selling are particularly good value as the prices are non-taxable.

Heavy Hitting Capitals Beat Tacoma Once More

Jack Killeen Tried to Pitch Tigers to Victory But Received Awful Drubbing; Capitals Did Terrible Things in Fifth; Lawson Scores First Home Win.

Victoria, 8; Tacoma, 4.

Jack Killeen made his second attempt to stop the wild rush of the Capitals towards the top of the heap at the Stadium last evening, but as in his previous start his offerings were sadly bathandled, and when darkness relieved him in the sixth inning the score-board revealed the fact that he had once again lost out. As a result of this victory Victoria jumped to within one game of a tie with Yakima for second place in the league standing. There is little chance of them overhauling Spokane this week as the Indians are grabbing a game every day from the helpless Giants.

Bobbie Vaughan made up his mind to start Brakke. Then as Brakke went to the mound a little bird whispered to Vaughan that Brakke was a bad choice. That little bird was right too, for Leard, the first man up, drove one of Brakke's curves to deep left field for two bases, but was thrown out at third trying to stretch the hit. Vaughan hearkened to the warning of the little bird and immediately recalled Brakke and hustled Kileen out of the dugout.

The First Tally.

Jimmie Church welcomed the new Tiger twirler with one of his favorite drives over second base. Killeen could not locate the plate with Brown at the bat and walked him. Carman became peeved when McCoy refused to let him walk to first after he was hit by a pitched ball and gave vent to his wrath by smacking out a healthy single scoring Church.

In the third the Capitals opened a neighborly argument with Killeen. Brown walked but was forced out at second by Carman. Zienke drew a base on balls and Dempsey drove a smoke ball over the right field fence for a home-run.

The Barrage.

One thing about the Tacoma pitchers, they have an abundance of nerve and never worry about a big lead and Vaughan gives them every chance to last out a game. Killeen wanted to win a game this week, but what happened in the fifth inning busted all his hopes. The Capitals lay down a barrage which for intensity and duration was enough to have broken the old Hindenburg line. Carman and Zienke each singled and then Dempsey cracked out a hot one scoring Carman. Zienke trotted home when Graham let Grantham's throw get away from him. Elliott laid down a perfect bunt and beat the throw to first. Tom Cunningham tried to lift the ball out of the lot but it was taken off the boards by Davis after a beautiful effort. Dempsey scored on the out. Lawson decided it was time to garner some of the fans' plaudits and promptly rapped a ball to deep centre for a double. Lefty tried to make third but his legs would not move fast enough and he was thrown out. Elliott made the distance from first to home on Lawson's hit. Leard singled but Church popped up for the third out.

Lawson's First Win.

Lawson got his first win in three starts here. He was not in perfect form last night, having some trouble in locating the plate, but he let the Tigers down with four hits. Tacoma scored in the first inning on Davis' hit, a sacrifice by Anfinson and Elliott's wild throw to first. The Tigers went into the lead in the third when Anfinson singled and Gomes drove him home with a double. In the fourth the Tigers tied the score again on two base on balls, an out and a long single by Killeen.

The Box Score.

Victoria—	A.B.	R.	H.	P.O.	A.	E.
Leard, 2b.	3	0	3	2	4	1
Church, 3b.	4	1	1	0	0	0

Score by innings—

Victoria	1	0	3	0	4	*			—8
Tacoma	1	0	1	1	0	0			—4

Summary: Home runs—Dempsey. Two-base hits—Leard, Lawson, Gomes. Sacrifice hits—Anfinson, Zienke, Cunningham. Stolen bases—Carman, Killeen. Struck out—By Killeen, 4; by Lawson, 6. Bases on balls—Off Killeen, 4; off Lawson, 5. Wild pitch—Killeen. Passed ball—Stevens. One hit, no runs off Brakke in one-third inning. Time of game—1.40. Umpire—McCoy.

Vancouver Comes Back.

Vancouver, May 28.—Vancouver laid a hefty willow on Hill's offerings yesterday, and, before Tealey Raymond chased him to the outfield and sent Barnabe in, the Beavers had scored eight runs. On the other hand, Guy Cooper, who went the entire route for the locals, held the visitors to seven scattered hits, from which they garnered but one lonely run.

	R.	H.	E.
Yakima	1	7	4
Vancouver	14	16	2

Batteries—Barnabee, Hill and Gorman; Cooper and Tobin.

Indians Win Again.

Spokane, May 27.—Spokane garnered four runs in the first inning and two in the fifth, while the best Seattle could do was to put over two runs in the sixth, and Spokane won its fourth consecutive game from Seattle, 6 to 2.

	R.	H.	E.
Seattle	2	5	1
Spokane	6	9	2

Batteries—Cunningham and Hoffman; Smith and Arnspiger.

YARROWS AND KNIGHTS ARE PLAYING TO-NIGHT

To-night's fixture in the amateur baseball series is between Yarrows and the Knights of Columbus. The game will start at the Stadium at 6.30 o'clock. Cook is slated to pitch for Yarrows and Ray Parfitt will twirl for the Knights.

SIDNEY SPORTS CARD HAS HEADLINE ITEMS

Baseball, Lacrosse and Football Feature To-morrow's Programme

The sports programme at the Third Street grounds, prepared for to-morrow afternoon's gala at Sidney, foreshadows excellent entertainment, Manager George Hill having secured such headline teams as the Victoria champion lacrosse team and Genoa Bay's baseball nine for contests with Sidney's athletes.

With Referee Ed. McAdams handling the whistle, the football teams of Kuper and James Islands will open the proceedings at 1.45 p. m.

At 3 o'clock the Sidney lacrosse boys will meet the Victoria stickhandlers, and promise to make the visitors extend themselves to championship gait if they are to maintain their laurels. Lester Patrick and Frank Smith are billed as referee and judge of play. During the intervals between quarters the Kuper Island band will render airs.

As soon as the lacrosse struggle is concluded the Sidney and Genoa Bay expert votaries of mask, bat, fouls and flies will take possession of the ground. Frank Smith, as umpire, will have a close eye to the brand of ball and the Sidney men are confident they will triumph over the visitors.

The ladies of the Beaches Committee will provide refreshments, the revenues being devoted to beach improvement and provision of an additional swimmers' raft.

At the Berquist Hall a sub-committee of the Athletic Association will provide luncheon and afternoon tea.

The day's entertainment will close with a concert and dance, the music being provided by the Kuper Island band.

MANCHESTER CUP RUN

London, May 28. — (Canadian press)—The Manchester Cup run to-day was won by Pomme de Terre, 3 to 1. Square Measure, 4 to 1, was second, and Happy Man, 7 to 1, was third. Eleven horses ran.

MAY FORM WESTERN GOLF ASSOCIATION

Winnipeg, May 28.—The formation of a Western Canada Golf Association was discussed among local golfers when D. C. Mackenzie, of McLeod, Alta., president of the Alberta Golf Association, visited Winnipeg yesterday.

Mr. Mackenzie was very enthusiastic over the formation of an association in the near future. He also expressed the opinion that Winnipeg was entitled to next year's Canadian championships, and proposed that if the East did not give the West some consideration, the proposed Western Association should branch out and take its own means of development, regardless of the actions of the Canadian body.

Mr. Mackenzie left Winnipeg last night for his old home in Scotland for a short visit.

CRITICAL MATCHES ON CRICKET CARD

Incogs and Five C's and Congos and Garrison in Hard Tussels For Leadership

Cricket League Standing.

	Played	Won	Lost	Pts.
Congos	2	2	0	4
Five C's	2	2	0	4
Incogs.	2	2	0	4
Garrison	2	1	1	2
Victoria	3	1	2	2
A. & N. Veterans	2	0	2	0
Albions	3	0	3	0

The games in the cricket schedule to-morrow are more than usually interesting. The Incogs will face the Five C.'s at Jubilee Hospital, and as neither of these two teams have met defeat so far this season, they can be depended upon to put up a strong fight for the honors. Both teams are well provided with bowlers, and there are several good bats on each side. It is not easy to prophecy the winner in this match, but as the Incogs have somewhat the stronger batting side, it would cause no surprise if they pulled out ahead.

Next in importance is the game between the Army & Navy Veterans and the Albions, and as each of these teams has yet to win its first game, the spectators will probably see a tight struggle to avoid the dubious honor of figuring at the bottom of the chart. As the ex-Service team expect to be at full strength for the first time this season, they are looking forward to this game with a bit of optimism. The Albions at the same time are determined to see that they break into the win column this week, and so a strenuous game is anticipated.

A Keen Match.

The meeting of the Garrison and the Congos at Work Point Barracks is also fought with interesting possibilities. The Garrison team has only been beaten once to date and the Congos have won both the games they have played. A win for the Garrison to-morrow will mean a change in the League leadership this week-end, but the Congos are determined to put forth their best efforts to maintain their present position, at the same time recognizing that they cannot afford to take anything for granted with such doughty opponents as the Garrison.

The teams will line up to-morrow as follows:

University Incogs—Wenman (captain), Sparks, Allan, Lifton, Major Taylor, Kinch, Tunnard, Holmes, Hewitt, Tracy and Verrall.

Congregationals — J. Collett (captain), R. J. Ferris, W. Tucker, S. J. Charman, G. Wells, W. Erickson, H. Gardler, H. Lock, E. R. Lock, Gordon Leeming and W. H. Lines; reserve, P. Oliver.

Five C.'s—Edwards, (captain), Sutton, Dean Quainton, E. Quainton, Wilkinson, Booth, Hincks, Winsloe, Payne, Birth-Jones, Rough; reserves, Capt. Sharp and R. V. Lea.

Army and Navy—T. A. Darke, C. Preston, F. Bowley-Turner, L. B. Kent, P. King, G. Ford, J. Davies, J. Hillerby, S. Merfield, A. C. Bundy and H. C. Ingall. Reserves—G. Frost, H. J. Young and G. Holden.

SCOTTISH RIFLE SHOOT

The shoot of the Canadian Scottish Rifle Association held at the Clover Point Range on Wednesday was well attended, and some excellent scores were made, the rifle used being the short Lee-Enfield.

The scores were as follows:

	200 Yds.	500 Yds.	600 Yds.	Tl.
Capt. W. E. Tapley	23	34	34	—91
C. E. Mitchell	31	31	28	—90
D. Fyvie	30	24	30	—84
F. Fyvie	21	32	26	—79
W. E. Mitchell	30	26	23	—79
Maj. R. G. Monteith	30	29	19	—78
H. Gould	29	26	23	—78
M. Pagett	25	29	23	—77

THREE TEAMS ENTER IN LACROSSE LEAGUE

Wests, Nationals and Sidney Will Fight For Championship; New League Formed

Although it was hoped that four lacrosse teams would have entered in the Victoria and District Lacrosse League this season it has been found impossible to gather together more than three. At a meeting of the league held last evening at George Straith's store the Nationals, Victoria West and Sidney sent in their entries. The fourth entry was not forthcoming and the same teams will battle for the Island championship as contested the honor last year.

Instead of having the Victoria Lacrosse Association control the teams this year it was decided to form an independent organization, which was christened the Victoria City and District Lacrosse Association. The officers elected were as follows: Honorary president, G. H. Walton, of Sidney; honorary vice-presidents, John Virtue and Leonard Tait; president, Alex. Stevens; vice-presidents, G. Hill and R. Dowswell; secretary, Frank Purdy, and treasurer, George Straith.

Drafting Schedule.

A meeting of the league will be held next week for the purpose of drafting a schedule.

Sidney has a very formidable team this year and will give the local lads a hard run for the championship. The Nationals, last year's winners, are gathering together a lot of the old-time players and Victoria West will have much the same line-up as last year. The league this year will be faster than it was last season due to the bracing up of the Sidney team.

JIMMY WILDE RETURNS TO ENGLAND TO-MORROW

New York, May 28.—Jimmy Wilde, British flyweight boxing champion, announced last night that he would sail for England Saturday. He said he was pleased with the result of his American tour and wished to thank the American people for the fine way in which he had been treated in the various cities in which he appeared. He said he expected to return to America in the Fall.

IMPORTED CIGARS

Imported Cigars, so much enjoyed by the fastidious smoker, have increased so much in price as the result of the high cost of production, the comparative scarcity of the leaf due to the cultivation of sugar-cane in Cuba where formerly tobacco had been grown, and the imposition of a heavy war-tax, that in the interests of our customers, we have introduced a new Domestic brand of rare quality and exceptional value.

SANCHEZ Y HAYA

is a genuine Havana Cigar, made in Canada from specially selected Havana tobacco by expert Cuban cigar-makers.

What is saved in the difference of duty between the finished article and the imported leaf represents the extra value offered. The superior quality should enhance our reputation.

We confidently recommend this brand to our customers as all that is claimed for it. WHY NOT TRY IT?

SPORTING NEWS

Bays Make Arrangements For Big N.P.A.A.O. Gala

Committees Named to Prepare For Various Details Arising Out of Regatta; Shawnigan Lake Club Lending Hand; Public to Be Asked to Support Affair With Attendance.

Strong active committees were struck at a special meeting of the J. B. A. A. held lasting evening to arrange the many details in connection with the N. P. A. A. O. regatta which is to be held at Shawnigan Lake on July 16-17. The meeting was largely attended and the members all expressed the intention of making this the greatest and most successful gathering of oarsmen ever held in the Northwest. The Shawnigan Lake Athletic Club, which is combining its forces with the Bays to make the event one long to be remembered, had representatives present, and they reported that all work allotted to them was being carefully attended to.

In addition to the all-important Boating Committee other committees were struck to attend to the reception and entertainment of the visitors, transportation and accommodation, finances, prizes, and advertising and programmes. The heads of these committees, together with the president and secretary of the club, will meet every Monday evening from June 7 on.

Crews in Hard Training.

While the non-rowers of the club are attending to the numerous duties in connection with the arranging of the regatta the oarsmen are settling down to strenuous training. Two fast junior crews and three 149-pound crews are being coached along each evening and show improvement in each stroke.

The Bays issue an invitation to all former English, Canadian or American oarsmen who are intimate with the coaching of rowers, to attend the work-outs of the local crews. They will be taken out in the "Blue Bird" and their critical opinions will be greatly appreciated.

Interesting Everyone.

Efforts will be made by the Bays to interest everyone in the city in the big regatta. It will be Victoria's first effort since the war and the Bays are just getting back into their stride after the most brilliant war record of any rowing club in Canada. The support of all Victorians is needed to make this event a success. The Rotary and Kiwanis Clubs, the Board of Trade, City Council and all other public bodies are to be approached with a view to enlisting support. A special train will be run from Victoria to Shawnigan on Saturday, July 17, to carry the many people who wish to witness the races.

The members of the Shawnigan Lake Athletic Club are lending every assistance to the Bays and will be an important factor in the success of the regatta.

RUTH KNOCKS OUT TWO MORE HOMERS

Brought His Total Up to Ten at Boston Yesterday; Shawkey Fights Umpire

AMERICAN LEAGUE.

Boston, May 28.—An assault upon Umpire Hildebrand by Pitcher Shawkey, of New York, in the fourth inning, resulting in Shawkey receiving a scalp wound from the umpire's mask, created excitement in the first game of the series with the Red Sox yesterday, which New York won, 6 to 1. "Babe" Ruth made two home runs, giving him a total of ten for the season.

New York players protested strongly when Hildebrand enabled Boston to make its only run in the fourth by sending Schang to first on balls with the bases full, forcing in a run. After Harper, next man up, had been called out on strikes, Shawkey approached the umpire, bowed and doffed his cap in mock thanks. Hildebrand ordered Shawkey off the grounds, whereupon he rushed at the umpire and struck him several times about the head. Hildebrand defended himself with his mask and opened a wound on Shawkey's head. Umpire Evans and Capt. Hooper, of the Red Sox, separated the men, and Shawkey was conducted from the field, Mays finishing the game.

The score:	R.	H.	E.
New York	6	10	2
Boston	1	8	2

Batteries—Shawkey, Mays and Hannah; Harper, Karr and Schang.

Cicotte Wins Game.

Philadelphia, May 28.—Chicago wound up the series yesterday by beating Philadelphia, 6 to 1 driving Martin from the mound in the fourth. None of the five runs scored in this inning was earned, but Martin's own wild throw gave the visitors three runs. J. Collins' home run in the third, the nineteenth circuit drive here in eleven days, was a misjudged fly, which Walker allowed to bound into the bleachers.

The score:	R.	H.	E.
Chicago	6	10	0
Philadelphia	9	9	2

Batteries—Cicotte and Schalk; Martin, Haris, Keefe and Perkins, Myatt.

NATIONAL LEAGUE.

St. Louis, May 28.—St. Louis and Cincinnati indulged in another free-hitting contest, the locals winning 16 to 9. Hornby's home run in the second came with two men on bases. Stock went out on a lone fly to Neale in the fifth after hitting safely eight consecutive times in three games.

The score:	R.	H.	E.
Cincinnati	9	13	5
St. Louis	16	14	1

Sallee, Luque, See and Wingo. Allen, Doak, Jacobs, Sherdel and Dilhoefer.

Take Double-Header.

New York, May 28.—The Boston Nationals defeated New York in both games of the season's first doubleheader, 5 to 2 and 5 to 0. Boston has won all five games played on the Polo grounds this year.

Leftfielder Mann of the Braves was hit on the left elbow by a pitched ball in the second game and forced to retire. Mann was hit three times during the two games.

First Game.

The score:	R.	H.	E.
Boston	5	11	3
New York	2	5	2

Rudolph, Eayers, McQuillan and O'Neill; Douglas, Winters, Dubbell, Nehf and Snyder.

Second Game.

The score:	R.	H.	E.
Boston	5	12	1
New York	0	8	5

Scott and O'Neill; Barnes and Smith.

Won in Eleventh.

Brooklyn, May 27.—Brooklyn and Philadelphia played off a postponed game yesterday, the visitors winning, 5 to 4, in 11 innings. The Phillies got a lead of four runs in the first three innings. The visitors won in the eleventh when Paulette singled and scored on R. Miller's long double to left. Score:

The score:	R.	H.	E.
Philadelphia	5	11	3
Brooklyn	4	9	3

Smith and Witherow; Mitchell, Mohart and Krueger.

Coast League.

At Seattle—	R.	H.	E.
Salt Lake	1	6	1
Seattle	2	8	1

Batteries—Levernz, Thurston and Byler; Schorr and Adams.

At Los Angeles—	R.	H.	E.
Vernon	1	6	1
Los Angeles	3	3	1

Batteries—Piercy and Alcock; Thomas and Bassler.

At Portland—	R.	H.	E.
Sacramento	8	11	1
Portland	5	11	1

Batteries—Penner and Cooks, Sutherland, Schroeder and Koehler.

At Oakland—	R.	H.	E.
Oakland	8	13	3
San Francisco	4	11	6

Batteries—Winn, Kremer and Mitze; Devitalis, Jordan and Agnew.

American Association.

St. Paul, 3; Indianapolis, 2.
Milwaukee, 5; Columbus, 4.
Minneapolis, 3; Louisville, 2.
Kansas City-Toledo game postponed—rain.

International League.

Jersey City, 5; Syracuse, 0.
Akron, 3; Buffalo, 5.

Western Canada League.

Edmonton, 0; Winnipeg, 1. Second game—Edmonton, 5; Winnipeg, 1.
Regina, 8; Moose Jaw, 6.
Saskatoon, 7; Calgary, 1.

ROBCKE RELEASED

Robcke, the young right-hander who has been carried along by the Capitals since the training season, has been released and leaves tonight to join the Missoula team. The release of one of the Capitals was necessary to bring the players' limit down to 14. Robcke had not enough stuff to stick in this league.

WITHIN THE ROPES

London, May 28.—A twenty-round boxing bout between Joe Atwood, formerly champion of the Canadian forces, and Stevens, the navy welterweight, went all the way to Atwood, who won decisively on all points.

Colorado Springs, Col., May 28.—Johnny Schauer, of St. Paul, won a referee's decision over Otto Wallace, of Milwaukee, in a twelve-round bout here last night.

Joe Black, of Denver, was given a technical knockout over Young Ketchell, of San Francisco, in the second round of a six-round bout.

TENNIS CLUB OPENS FOR PLAY TO-MORROW

Eleven Courts in Shape at Victoria Court; Mixed Doubles Arranged

The Victoria Lawn Tennis Club courts will be opened officially tomorrow afternoon, when teams captained by the President and Vice-President will meet in a series of mixed-doubles matches, commencing at 2.30 o'clock.

Three additional grass courts are being made ready for play, which will give a total of eleven courts. This number is expected to provide for the added number of members who will be playing now that the weather is getting more like tennis.

Keen Interest.

The interest is already very keen, and this will be increased in view of the approaching annual matches with the South Cowichan Tennis Club which are expected to take place about the middle of June. Victoria "A" team journeying to Cowichan to play the "A" team of that club, while the Cowichan "B" team comes to Victoria on the same day to play Victoria's "B" team.

About June 21 it is expected the annual club handicap tournament will commence, so that from now on the courts will be a busy scene every day.

ECUADOR PRODUCES "PANAMA" HATS

Visitors Here From Little Known Republic of South America

How many British Columbians who hope to buy Panama hats this Summer know that the favorite warm weather headwear come from Ecuador, and not from Panama. This fact was emphasized to The Times last evening by Guillermo E. Rohde, member of the importing firm of Rohde & Company, Guayaquil, Ecuador, who is in the city with Carlos M. Yerovi, a young fellow-countryman.

While there are a number of British and American, as well as German and Italian traders in Ecuador, according to Mr. Rohde, the exchange of business with the outer world in cocoa, ivory, nuts, hats, coffee, hides and rubber, in exchange for manufactured articles has been limited to a small turnover of about £3,000,000 worth of exports, and imports of about £2,000,000. It will surprise the British Columbian to learn also that many of the traders in the interior towns of the republic are of Turkish or Armenian origin, and in fact they play the same part in Ecuadorian affairs that the Chinese take in the Malay peninsula.

The country is very rich in its coast provinces, tropical fruits being grown extensively. Instead, however, of coming north, as is the case in Central America and Colombia, the shipments are carried south to Peru and Chile, says Mr. Rohde.

There is a considerable demand for lumber, the visitor says, but at present prices he is doubtful if much business could be done at Guayaquil in British Columbia woods until both prices and tonnage rates show a marked depreciation. He spoke hopefully of an increased trade of the North American countries with Ecuador, which is a country with a population of about two million people, of which 100,000 are located in Guayaquil, the chief port, and most populous town.

DOMINION

ALL NEXT WEEK

at the Theatre

DOMINION

So universally is the name of Bert Lytell—whose latest Screen Classics, Inc., special, "The Right of Way," from the novel by Sir Gilbert Parker, is showing at the Dominion Theatre—associated with the screen, that many are astounded to know of the young star's extensive previous experience on the stage. The ease and finish, as well as the charm of Mr. Lytell's performance, such as in his last production, "Lombardi, Ltd.," seems so effortless that few realize the years of preparation and work and study which preceded their acquirement. "The Right of Way," adapted from the celebrated Canadian novelist's book by June Mathis, and directed by Jack Dillon, under the personal supervision of Maxwell Karger, director-general of Screen Classics, Inc., is considered one of the greatest parts that ever have fallen to the lot of Mr. Lytell to portray—and the characters he has enacted are legion.

VARIETY

William Fox presents his epoch-making film version of "Cleopatra," with Theda Bara as the Siren of the Nile at the Variety Theatre to-day and local amusement seekers will see the most sensational and magnificent photo-drama spectacle ever produced. The passions and pageants of Egypt's vampire queen as portrayed by the screen's most foremost interpreter of siren roles aroused the entire theatre and picture-going public of New York, where "Cleopatra" enjoyed a phenomenally successful run on Broadway at the Lyric Theatre. No film drama ever offered the American public has achieved greater popularity than this stupendous production, William Fox, who is never happier than when making cinema productions of huge proportions, is said to have set a new mark with his picturization of the famous loves of Cleopatra, and it will be some time before there will be found a type into which the savage beauty and personality of Miss Bara fits more perfectly.

Belmont House

COLUMBIA

The marmoset monkey used in scenes of "Uneasy Money," Taylor Holmes' latest Essanay comedy-drama, at the Columbia to-day, developed a fondness for Mr. Holmes which became a bugbear. "I can't go any place without that dad-rabbed monkey trailing my heels," complained Mr. Holmes one day. "Just because I have been feeding it peanuts from time to time to keep peace in the family, the little animal seems to think I'm in love with it." The monkey was rented for the occasion, and when last seen being dragged from the studio, held its hands cupped toward Mr. Holmes waiting for the fling of a peanut. Taylor Holmes supplies many laughs for his friends in the studies during the filming of his comedy dramas, by speaking lines not in the script. When he said good-bye to Rod La-Rocque in a London club before his supposed departure for America in "Uneasy Money," the comedian implored LaRocque to feed the lions in Trafalgar Square during his absence. "And say good-bye to the King for me, won't you, old top?" added Holmes.

PANTAGES

"The Funniest Clown in Vaudeville," the billing of "Little Pipifax," who is a feature attraction on the current bill at the Pantages, is by no means exaggerated, for this diminutive entertainer gained the reputation of being the "best of all" in English music hall circles He has appeared before the King and Queen of England on different occasions, and in the 1912 Summer Show number of "The Hippodrome," he was mentioned as "The King's Clown—Pipifax, who made the King and Queen laugh at the royal command performance." In paying tribute to Pipifax the Manchester Guardian said: "He has this advantage over others in similar roles—he has a real glint of humor, and gets his laughs from something more than mere mechanical effects. That bow to the audience, for instance, and his comic parody of his partner's exit are just the little touches that give the show its individuality."

From the ridiculous to the sublime, you might say of Beatrice La Plante's new step. She has quit making comedies for Pathe and will devote her talents hereafter to serious drama. The change is not an adventure into uncharted seas, for Beatrice has already achieved success as leading lady for Hayakawa in "The Beggar Prince," and in other feature pictures.

DAINTY SONGSTER APPEARS AT ORPHEUM

Josie Heather Will Be a Head Line Feature This Week

Alexander Carr and company in "An April Shower," will present his offering to Orpheum patrons, to-night, Saturday matinee and night, at the Royal Victoria Theatre. Mr. Carr is best identified and remembered as "Mawrus Perlmutter" in the dramatization of Montague Class' story of Perlmutter and Potash, a play which was the sensation of the season. In his newest offering he will present an appealing little sketch which is said to possess the gamut of stage emotions and in which Mr. Carr himself claims that he has the best cast than in anything that he has yet had.

Josie Heather, that winsome little English comedienne will be on the same bill with her wealth of songs and stories. This year John McLaughlin and Bobby Heather accompany her. Miss Heather is still her bewitching self and her voice is still as pleasantly sweet and charming as the rest of her and her songs are all original and new. She is a demonstrator of English songs without a peer.

Elsie Pilcer and Dudley Douglas in smart songs, dances, sayings and gowns are bidding for popular approval. They are young people full of vim, emotion and talent. They know just how to use their wares to the best advantage.

The Melody Garden, vaudeville's musical sensation, beautiful girls, talented musicians, an act spectacularly staged, artistically acted and elaborately costumed will be one of the features of this week's bill. The girls of the act all excel as instrumentalists and as soloists they are considered decidedly fine.

Earl and Sunshine in "To-day and Yesterday" will offer a unique little contrast in characters. One is a girl of to-day and the other one who was young yesterday. Underneath the comedy is a strain of sentiment while the dialogue discloses the fact that girls will be girls regardless of the date they lived.

Lazier Worth and company in "an evening at home" will offer a novelty and all who have witnessed this act are unanimous in saying that it is quite a different "evening at home" than the ordinary man is accustomed to enjoy.

With a pack of playing cards and a glib tongue, Merlin, in wit and wonderment will offer an amusing fifteen minutes in a perfect blend of fun and mystery. Some of his tricks are nothing but tricks but many of the more scientific and all are entertaining. The bill will conclude with the usual educational pictures and orchestral programme

THE END OF THE ROAD.

Claire Adams, the beautiful star of "The End of the Road," booked at the Royal Victoria for the first four days of next week, has attained great prominence in the screen world in the last few months, her latest success being "Riders of the Dawn," the dramatization of a Zane Grey novel.

Miss Adams is a Canadian girl, born and bred, Winnipeg being her birthplace. In a message to Canadian girls she says:

"I wish that every girl in Canada could see this play. The message it conveys is one that society must learn, and I feel that this powerful drama is the most wonderful method of telling the important story to girls everywhere."

"I played my part with that thought in mind, and in my heart the feeling that at least to the best of my ability I was performing a real service to womanhood."

The Adams family has countless friends in Western Canada, and Miss Adams has a number of relatives living in different parts of the West. Mrs. Edgar Lee, of Vancouver, who at present is on a visit to the old country, is an aunt of hers. It is a coincidence that "The End of the Road" is at the present moment playing to crowded houses in a number of English cities.

The production is shown here under the auspices of the Canadian National Council for Combating Venereal Diseases. Dr. E. H. Young, Provincial Health Officer, is chairman of the Provincial Committee.

The Way to Better Clothes—Better Values

THE COLLEGE BRAND LABEL is a symbol. To those who have learned its message it means—finest fabrics, perfect tailoring, metropolitan styles—the best clothes to be had, at less money.

In this era of doubtful quality and high prices the makers of College Brand Clothes are enabling their dealers to offer unapproachable values, because they are passing on to them the advantage they gained through wise purchase of materials before the present high prices.

For fine appearing, durable wearing clothes and tremendous values, see the large showing of College Brand Clothes at

O'Connell's, Ltd., 1117 Gov't. St., Victoria

FOR WIRELESS.

Vancouver, May 28.—With the object of inaugurating a satisfactory trans-Pacific wireless service, the Japanese Government has contracted to have built at Tokio a great reinforced concrete wireless tower 700 feet high. Richard A. Steen, president of the Weber Chimney Co., of Chicago, to which has been given this contract, is at present in this city.

"Yes, sir," said the trust magnate proudly. "I am the architect of my own fortune." "Well," rejoined the friendly critic. "All I've got to say is that it's a lucky thing for you there were no building inspectors around when you were constructing it."

WANTS PROBE OF SOOKE FLOWLINE

Alderman Todd Advances Many Ideas For Council's Consideration

Alderman A. E. Todd yesterday startled the City Hall and the City Council by covering the notice board with notices of motion dealing with (1) a proposed probe into the condition of the Sooke Lake waterworks flowline, (2) the sale of land reverted to the city at tax sales, and (3) the sale of junk owned by the city.

In connection with leakage in the flow line Alderman Todd suggests the engagement of H. M. Burwell, hydraulic engineering expert, of Vancouver, to conduct a thorough investigation into flowline conditions, reporting particularly on the following questions:

(1) Is the present condition of the flow-line the result of faulty specifications?

(2) Is the present condition of the flow-line the result of inefficient construction?

(3) What remedies are recommended to overcome the existing difficulties?

(4) If such recommended remedial measures are put into effect, what life (barring such accidents as slides, etc.) may be anticipated for the flow-line?

(5) If no remedial measures are put into effect, is leakage likely to steadily increase?

(6) If no remedial measures are put into effect what life (barring such accidents as slides, etc.) may be anticipated for the flow-line?

In his motion regarding "reverted" lands, Alderman Todd suggests that they be sold during the first two weeks in November and that the sale be thoroughly advertised.

The alderman points out that the city is in possession of a considerable quantity of unused articles and "junk" which he thinks could be disposed of to private interests with great advantage and profit.

GRANDMA NEVER LET HER HAIR GET GRAY

She Kept Her Locks Dark and Glossy With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is mussy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

NO WATER AVAILABLE TO SAVE RESIDENCE

Gordon Head Dwelling Razed to Ground While Bucket Brigade Make Effort

Spreading from the kitchen, where the cause of it is unknown at present, fire yesterday destroyed the two-story residence occupied by J. Harford and family, of Tyndall Avenue, Gordon Head. One of the most beautiful residential dwellings of the district and water tower were completely razed, while a barn and most of the household contents were saved.

The fire broke out at 3 o'clock and the combined efforts of the neighbors and the Saanich fire fighters availed nothing against the course of the flames. The efforts of the fire fighters were rendered useless by the lack of water, the chemical apparatus and bucket brigade making brave attempts to save the dwelling, and did finally save the barn.

The Saanich chemical apparatus had to travel four miles to the scene of the conflagation, and only arrived after the flames had taken a secure hold on the buildings. Furniture and effects were nearly all saved, while the bucket brigade held back the progress of the flames for a moment.

The property was valued at $7,500, while insurance to the value of some $3,700 was carried. The house was built and occupied formerly by Mr. of this city, sold to the Hon. W. H. Cushing, of Calgary, who in turn sold it to Davis Fleming, of Winnipeg, who is the present owner.

One of the most unfortunate features of the occurrence lies in the fact that the present tenant, Mr. Harford, was vacating to make way for the owner, who with his family was to have arrived here from the prairie to take possession on Monday next. When Mr. Davis Fleming and his family arrive they will find their home burned to the ground, and nothing but the barn and a few blackened ruins awaiting their home-coming.

The instance again points to the unsafe condition arising from the lack of water on the peninsula, where protection from fire is virtually non-existent. With adequate water and hydrants yesterday's disastrous blaze would have been confined, it is stated, to the room in which it originally started. The cause of the fire is suggested to be an over-hot pipe in the kitchen, but nothing definite is known as to the actual cause

KITCHEN ACCIDENTS

How often have you cut or burned yourself, and because of the pain and smarting have been almost unable to continue your household duties? Are you aware that if you would apply Zam-Buk immediately after such an accident it would prevent all that pain and inconvenience?

Zam-Buk quickly takes the fiery pain out of a burn or scald, the sting out of a cut or scratch, and the soreness and tenderness out of a bruise. Besides, it is an unfailing healer and prevents festering, blood-poisoning, etc. Try Zam-Buk the next time you meet with an accident and prove its merits for yourself. Get a box to-day and have it ready for the moment you need it. Zam-Buk is equally good for all sores, eczema, ulcers, salt rheum, blood-poisoning and piles. All dealers 50c. box.

FREE—Try Zam-Buk at our expense. Cut out this advertisement and send it with name of paper and 1c. stamp (for return postage) to Zam-Buk Co., Toronto, and free trial box will be sent you.

ZAM-BUK

MISS M. E. LIVINGSTONE

Sale of Pattern Hats—Saturday!

This sale of exclusive Millinery offers you ample opportunity to choose a hat of uncommon distinctiveness at a surprisingly reasonable price. Note the reductions.

GROUP 1—Hats formerly priced up to $15.00..... } **At - $7.50**

GROUP 2—Hats formerly priced up to $25.00..... } **At $11.75**

Some are large and gracefully picturesque, while others are medium in size or of that small type which closely fits the head. The prudent will choose early.

Crown Millinery Parlors

View Street, Spencer's Arcade.

When You Go On Your Holidays Take Several Pairs of

FLEET FOOT

YOU will be very glad you did, when you wear your Fleet Foot oxfords in the afternoon—then slip on Fleet Foot pumps for the dance in the evening—and Fleet Foot boots for tennis, golf or a tramp through the country.

It is sound economy to have several pairs of Fleet Foot, for they cost no more than a single pair of leather shoes.

Wear Fleet Foot all summer; in town as well as on your holidays. They are easy and restful—smart and stylish—and sensibly economical.

There are sizes for men, women and children—for every sport and recreation, as well as for every-day wear.

PRINCESS ALICE FOR ALASKA ROUTE

C.P.R. Tourist Boat Will Inaugurate Northern Sailings on June 11

Just as soon as the Princess Royal, which is now having extra deck accommodation installed, is ready for service, the Princess Alice will be withdrawn from the Gulf run to be overhauled preparatory to entering the Alaska tourist service.

The work of installing the new deckhouse on the Princess Royal is nearly completed and the vessel will return to her old route within the next few days.

The Princess Alice is due to sail from Victoria on her first trip to Skagway this season June 11, and she will continue to run opposite to the Princess Mary during the rush of the tourist season to Alaska via northern British Columbia ports.

The sailing schedule to Skagway from Victoria is as follows: Princess Alice, June 11; Princess Mary, June 18; Princess Alice, June 25; Princess Mary, July 2; Princess Alice, July 9; Princess Mary, July 16; Princess Alice, July 23; Princess Mary, July 30; Princess Alice, August 6.

Sailing from Victoria at 11 p. m., these steamships will clear from Vancouver at 9 p. m. the following day, touching at Alert Bay, Prince Rupert, Ketchikan, Wrangel and Juneau en route to Skagway.

The Princess Alice has always been a popular boat in the Alaska service and most of her accommodation has been all ready for the initial trips.

Slight Change.

Effective June 1 there will be a slight change in the sailing time of the Charmer from Vancouver in the Vancouver-Powell River-Comox service. After that date the Charmer will leave Vancouver at 11.45 p. m. on Thursdays and Saturdays, instead of midnight.

NEW STEAMSHIPS ARE SLIGHTLY DELAYED

O. S. K. S.S. Arizona Maru, Due August 13, Now on Maiden Trip

R. P. Rithet & Co., local agents for the Osaka Shosen Kaisha, have received word that the sailings of the new liners Arizona Maru and Alabama Maru from Japan have been put back a month. These ships are each of 18,000 tons displacement and have been built for the North Pacific trade between Japan and British Columbia.

The Arizona Maru is now scheduled to reach Victoria August 13 on her maiden voyage. The sister ship Alabama Maru is fixed to arrive from Japan October 15.

The next inbound ship of the O.S.K. fleet will be the Mexico Maru, which, the agents have been notified, will make port from Yokohama June 10. The Mexico will be followed by the Africa Maru, arriving here June 30.

On her first voyage here in several years the liner Hawaii Maru will make port July 15, being preceded by the Chicago Maru July 10.

The Hawaii Maru was formerly on this run but was withdrawn at the time the Africa Maru and Arabia Maru entered the service and placed on the South American run.

This Fall the O.S.K. trans-Pacific service will be maintained by the Africa, Arabia, Manila, Hawaii, Arizona and Alabama. The Chicago Maru and the Mexico Maru will be taken off the run after the completion of their next voyages and diverted to another route.

The Canada Maru, well known on this run, is now plying between Yokohama and Buenos Ayres.

PASSENGER SPACE ON PACIFIC SHIPS

Limited Accommodation Is Provided on Canadian Ships on Australasian Run

It is not generally known that some of the Canadian Government merchant marine ships on the Pacific are equipped with limited passenger accommodation, but such is the case.

The steamships Canadian Exporter and Canadian Importer, Coughlan-built ships, each have cabin space for the accommodation of six passengers, and it is likely that other vessels under construction on this coast will be similarly equipped.

It must not be supposed, however, that the Canadian Government proposes to engage extensively in the passenger business on this Pacific as the boats building under the present programme are designed for the building up of import and export trade. What cabin accommodation is provided on the Pacific ships doubtless will be used by trade envoys. The Government's intentions regarding the passenger business is problematical.

Two 10,500-ton ships are building at the plant of the Halifax Shipyards, Ltd., the only vessels of this type yet ordered, and these ships, it is understood, will have a certain amount of passenger space for the Atlantic trade.

NIAGARA CLEARS.

Arriving here at 1.30 o'clock this morning from the Mainland, the Canadian-Australian liner Niagara cleared from the Outer Docks at 6 o'clock this morning for Sydney, N. S. W. She took out 500 passengers and a capacity cargo.

MARINERS NEEDING WORK TO REGISTER WITH NAVY LEAGUE

Certificated mariners requiring employment are requested to register with the Provincial branch of the Navy League of Canada, which organization has received numerous inquiries for experienced marine men.

CREW TO DISMANTLE TRIANGLE LIGHT

Men Will Leave For West Coast by Tender Estevan Next Monday

The dismantling of the Triangle Island lighthouse, west coast of Vancouver Island, will be started next week, in accordance with the plans of the Dominion Government to abandon the rocky promontory light as an aid to navigation.

Men comprising the dismantling gang will leave here next Monday aboard the D.G.S. Estevan for Triangle Island and the work of demolishing the light will be proceeded with immediately. The lantern and machinery will be brought to Victoria and stored in the Government warehouse at the Marine Depot in the Inner Harbor.

It is not improbable that the Triangle lantern may ultimately be established on Solander Rock, Cape Cook, about half way between Triangle Island and Estevan Point, at which point the Dominion Government has had under consideration the establishment of a lighthouse. Situated on a high promontory the Triangle light is ineffective in foggy weather and has not been used for many months. After leaving here on Monday the Estevan will go to Ladysmith to coal. Continuing up the Inside Passage she will land the dismantling crew at Triangle Island and will then go on to Prince Rupert, where she will remain for some time undertaking heavy buoy work. At the present time the Estevan is at Esquimalt.

At Lennard Island.

The tender Leebro is expected to get away next Wednesday with material and a gang of men for Lennard Island, where extensive repairs are to be carried out.

The need is urgently felt for more boats for the maintenance of lights and buoys on the British Columbia coastline, especially since the tender Newington was sent North to be stationed at Prince Rupert.

New Boats Needed.

The two new 75-ft. motor vessels to be built for the Marine Department, the contract for which has been secured by the B.C. Yacht & Boat Builders, of Victoria, will be ready for commissioning this Fall. The contract calls for the completion of the boats in five months. Construction will be started immediately the contract is signed at the new site leased to the returned-soldier boat-building organization at Point Hope on the old Songhees Reserve.

The contract is now on its way here from Ottawa. These boats will be equipped with 100 horsepower Canadian-Fairbanks crude-oil burning engines.

TRIANGLE LIGHT

LOOKOUT MAN ON PRINCESS CHARLOTTE SUDDENLY EXPIRED

Collapsing while on duty on the Princess Charlotte as she was lying at her berth at Vancouver last night, Robert Hickman, lookout man, suddenly expired. Hickman was an elderly man and death is attributed to heart failure.

He was standing at the gangway watching the arrival of the Princess Victoria when he dropped dead.

The Princess Charlotte came in this morning from Vancouver.

ADRIA TO LOAD AT FRASER RIVER MILLS

And Will Come to Genoa Bay to Complete Cargo For South Africa

The wooden steamship Adria, 4,700 tons, is due to leave Seattle for the Fraser River and Genoa Bay, B. C., to load a full cargo of lumber for South Africa under charter to Findlay, Durham & Brodie, of Victoria, B. C.

The Adria will first go to the Fraser River mills to take on the first part of her cargo and will then come to Genoa Bay to complete. She is the first of five wooden hulls purchased by the National Oil Company, of New York, from the United States Shipping Board's idle fleet on Lake Union, Wash., the new owner completing the vessels as ocean steamships at Seattle. The Universal Shipping & Trading Company, of Seattle, have been appointed managing agents of the new vessels, and the Adria was formally turned over to them at Seattle on Wednesday.

The Adria underwent her official trials last Sunday, when she averaged 11½ knots.

The wooden steamship Agron, the next of the fleet to be completed, and also a 4,700-tonner, has been chartered by Hind, Rolph & Co., of San Francisco, to carry lumber from Puget Sound to Sydney, N. S. W. The Agylla, also a 4,700-tonner, has been chartered by Balfour, Guthrie & Co. to carry lumber from Puget Sound to Chile. These vessels have a capacity of 1,600,000 feet of lumber.

DISPUTE CAUSES DELAY TO STEAMER

Disagreement Arises With Lloyd's Over Freighter Canadian Inventor

Vancouver, B.C., May 28.—Considerable difficulty is being experienced by the Canadian Government Mercantile Marine in placing the SS. Canadian Inventor on the berth for loading.

This steamer was built by the Coughlan Company, and was to have been on berth for loading in March, but owing to certain reservations made by Lloyds' in issuing a certificate, and the Government not taking the steamer over, the boat is riding at anchor in the harbor and the shippers have been forced to lose thousands of dollars in not meeting their contracts, and in carrying lumber on lighters while the Government, Couglans and Lloyds dispute what is claimed to be a matter of only a few hundred dollars.

Owing to the difficulties which have arisen it is now expected that in June the Government will have three 8,100-ton steamers to load for Australia, the SS. Canadian Inventor, SS. Canadian Prospector now nearly completed, and the SS. Canadian Importer, which has already made one trip to Australia and is now on her way back to this port.

Plans are now under discussion to divert one of these three steamers from the Australian service and inaugurate the new India-Vancouver service with it and allow a steamer of a later delivery to take its place on the Australian run.

STRIKERS EXPECTED TO RETURN TO WORK

Shipping Unions Will Take Votes This Evening at Vancouver

Vancouver, May 28.—Although the strike of deckhands, oilers, firemen and stewards is considered to be practically over the members of the various unions will vote at 6 o'clock this evening whether they will go back to work or not.

Shipowners regard the strike as definitely at an end, as vessels are operating, and many of the men regard a decision to return to work as a foregone conclusion.

Beyond this, there is no change in the situation.

VESSEL MOVEMENTS

St. Paul at New York, from Southampton.

Welshman at Montreal, from Liverpool.

Canadian Ranger at Montreal, from Liverpool.

Ernemore at Liverpool, from Halifax.

Seattle, May 27.—Arrived: Strs. Admiral Evans, Anchorage; Santa Ana, Spokane, Southeastern Alaska; Ernest H. Meyer, San Francisco; Governor, San Pedro, via San Francisco; Corona, Portland; Fulton, B. C. Ports. Sailed: Strs. Admiral Dewey, via San Francisco; Northwestern, Southwestern Alaska.

Portland, Ore., May 27.—Arrived: Strs. Vancouver Maru, Seattle; Hoquiam, Grays Harbor. Sailed: Str. Daisy Putnam, Los Angeles.

San Francisco, May 27.—Sailed: Strs. Ayaka Maru, Kobe; Port Angeles, Seattle; Admiral Farragut, Seattle. Arrived: Strs. Santa Barbara, Willapa; Albany, Seattle.

SHRINERS TO PASS THROUGH VICTORIA

Will Arrived Here From Northwest by G. P. T. Boat June 20, Bound to Portland

Making a pilgrimage to the forty-sixth Imperial Council session, the nobles of the Al Azhar and Wa Wa Temples from the Canadian Northwest will pass through Victoria June 20 en route from Edmonton to Portland, Ore.

The big fraternal Pow Wow will be held at Portland June 22 to 24 inclusive.

Leaving Edmonton June 16 the Shriners will travel over the Grand Trunk Pacific Railway to Prince Rupert, where, at midnight June 17, they will embark on the G.T.P. steamship for Vancouver, Victoria and Seattle.

Arriving here Sunday, June 20, at 7 a.m., the Shrine visitors will remain in the city four hours, sailing at 11 a.m. for Seattle. The following morning they will travel over the Northern Pacific Railway from Seattle to Portland. The travelers have the privilege of returning home via the same route, or via Vancouver over the Canadian National Railway or the Canadian Pacific Railway.

Special trains will be operated by the Grand Trunk Pacific Railway and the Northern Pacific Railway for the accommodation of the Shriners.

The Shrine Club at Prince Rupert is arranging for a reception at the northern city and the Shriners of this city are also planning a welcome to the visitors.

The order of things will be reversed at Seattle where a reception to the nobles of the Puget Sound city and vicinity will be tendered by the visiting Shriners.

FISH HATCHERIES VISITED BY EXPERT

J. A. Rodd, of Ottawa, Finds Conditions Good at Vancouver Island Points

J. A. Rodd, superintendent of fish culture, Ottawa, has just completed an inspection of the hatcheries on Vancouver Island. The hatcheries visited were Cowichan Lake, Anderson Lake, Kennedy Lake, and also the one located on Owikano Lake, at the head of Rivers Inlet.

At Cowichan and Anderson Lakes practically all the fry had been distributed, but at Kennedy and Owikane Lakes, where the climatic conditions are somewhat different, the fry are still in the troughs and ponds and were found to be in excellent condition. All the hatcheries were clean and were being conducted in an up-to-date manner, the officers showing a keen interest in their work.

The new system of hatching fish eggs in the gravel is only in the initial stage and while good progress has been made this system will require considerably more experimental work before it can replace the trough system now in vogue, say hatchery officials.

The run of pilchards on the West Coast of Vancouver Island has greatly improved and present indications are in the direction of a good season for those engaged in canning this variety.

In Rivers Inlet it was found that the canners were busy preparing for the season, which opens June 20. The trip was a very profitable and interesting one to the superintendent of fish culture, this being his first visit over the territory covered.

The trip was taken on the fishery patrol steamer Givenchy and the superintendent of fish culture was accompanied by Col. Cunningham, chief inspector of the Dominion fisheries for British Columbia.

Mr. Rodd proposes to inspect the progress being made at the new hatchery at Lakelse Lake. Mr. John McHugh, resident engineer of the Department, will accompany Mr. Rodd and will spend some time supervising construction work.

TOYOHASHI REPORTED.

Leaving Japan on her first voyage to Victoria the Nippon Yusen Kaisha liner Toyohashi Maru is reported to have sailed from Yokohama May 23. If the information is correct the Toyohashi Maru is running slightly ahead of schedule, as the latest sailing list calls for her departure from Yokohama June 1. The Toyohashi Maru will occupy at least fifteen days in crossing the Pacific.

SEEK SEA CAREER.

Two more youths seeking a sea career, John B. Napier, son of George Napier, assistant engineer in the Provincial Department of Public Works, and John Graham, of Cumberland, nephew of Charles Graham, superintendent of the Canadian Collieries, Ltd., have been supplied by the Provincial Navy League to train as officers in the C. P. O. S. trans-Pacific service.

Either way ends every corn

Use Blue-jay as you like best. Apply liquid Blue-jay from a bottle, or use the Blue-jay plaster,

The effects on the corn are identical.

The pain stops. And the entire corn quickly loosens and comes out.

Blue-jay now is ending some two million corns a month.

It has so reduced corn troubles that most folks never have them.

It will end them all when all folks know about it.

The Blue-jay method is easy, gentle, sure.

It is scientific—the creation of a world-famed laboratory.

For your own sake, stop paring corns. Cease the old, harsh, inefficient methods.

Learn what millions know—that corns are folly, the pain is needless. Anybody can be kept forever free from corns with Blue-jay.

Prove this tonight. Buy Blue-jay from your druggist.

ROTARIANS CONCLUDE THEIR MOST ACTIVE YEAR WITH BANQUET

Splendid Work Performed Is Outlined at the Annual Meeting

NEW OFFICERS ARE INSTALLED

The big strides which Rotary has made in Victoria during the last year were outlined to the Rotary Club at its annual meeting last night, a gathering which concluded the most active year in the club's history.

The meeting, which took the form of a sumptuous banquet in the Caledonia Hall, was for the most part, given over to festivities and enjoyment though the parting words of the retiring officers and the first speeches of the new directors lent a more serious Rotary tone to the occasion.

After outlining some of the other work performed during the last year by the club, President J. F. Scott, who presided during a great part of the evening, declared that the big International Rotary convention held here had been of far greater advantage to the community than many people realized. It had been an example, he said, of what honest co-operation and hard work could do, and he took the opportunity of thanking again every member for his share in staging the conference.

Before handing over the gavel of office to the new president, Clifford Denham, Mr. Scott expressed the belief that Mr. Denham was one of the finest Rotarians that the club had produced and, he felt sure, would pilot Victoria Rotary with the utmost success in the coming year.

After acknowledging an ovation from the members, Mr. Denham recalled the remarkable success achieved by Mr. Scott in the club's most active year and he presented him with a gold Rotary wheel, set with a diamond, the past president's emblem.

Amid great enthusiasm the other new officers were installed as follows: First vice-president, J. H. Beatty; second vice-president, H. P. Johnson; treasurer, C. B. Deaville; sergeant-at-arms, George I. Warren; directors, Lester Patrick, Herbert Kent and P. B. Scurrah.

Membership.

The report of the directors, which was read during the meeting and which outlined the Club's activities during the last year, follows:

At the beginning of the period the strength of the Club was 117 dues-paying members. Forty-five new members were elected and twenty-three dropped out, making a net increase of twenty-two and a present membership of 139 at time of writing this report. Two candidates are about to be balloted for at the annual meeting. This substantial increase in membership has come to us without any special effort to obtain it and moreover it followed an increase of the entrance fee from $10 to $25, which was instituted by resolution of the Club on the recommendation of the previous Board, shortly before your present Board took office. The result is that the financial statement which will be presented to you on completion of the audit will show a surplus for the first time in the Club's history.

Of the twenty-three members lost to us, ten resigned under more or less pressure on account of inability to attend meetings regularly; seven left the city; two ceased to represent their classifications; three resigned for various reasons, and one, Bill Sweeney, was removed from us by death. Another member resigned on account of inability to attend, and was later reinstated.

The list of honorary members was increased by the addition of General Sir Arthur Currie.

Nearly Fifty Meetings.

Forty-seven mid-day and two evening meetings, including to-night's gathering, have been held. Of the mid-day meetings, forty took place at the Empress, two at the Pantages Theatre and one each at Thorpe & Co.'s factory, the Home Products Fair, the Y. M. C. A., the K. of C. Hut and St. John's schoolroom. The annual strawberry feast was held last Summer at St. Luke's Cedar Hill parish room, and to-night we are meeting at the Caledonia Hall. Two extra meetings were held when on August 23 the baseball and golf teams of the Vancouver Club visited us and were entertained by courtesy of the Royal Victoria Yacht Club at Cadboro Bay, and on September 3, when members and their wives visited Sidney and were the guests of the Sidney Board of Trade. Another additional meeting took the form of a father and son supper held at the Y. M. C. A. under the auspices of the Boys' Work Committee.

Good Attendance.

The possible number of member-attendances at all the midday meetings was 6,094. The actual number registered was 4,711, being 77.22% of the possible. This exceeds by more than 10% the figure for any previous year of the club's existence. This satisfactory result is largely attributable to the system insituted in August last of dividing the club into teams of ten members each under a captain who is responsible for the turn out at meetings of the members of his team, and to the publication monthly of the relative standings of the teams. The difference in percentage figures of the highest and lowest teams is greater than might be expected and is partly due to the fact that with small teams, the prolonged absence of a single member, sensibly affects the average of the team. Shortly before the adoption of the system the International Association commenced the publication of the names of clubs from whom the best attendance returns were received monthly through the District Governor's reports. Clubs were divided into three, afterwards four, classes according to size and the best ten and lowest five in each class published monthly, at first in the weekly letter to officers, and afterwards, at your secretary's suggestion, in The Rotarian. In the first three months in which our team system was at work our club was amongst the first ten in its division. Recently we have missed the distinction by a very narrow margin each month, with the increasing keenness of competition amongst clubs, but with better co-operation from some few members who reduce our average we should have no difficulty in regaining our place.

Directors' Meetings.

During the year your directors held thirty-eight meetings, nearly all fully attended and nearly all of from one to two hours duration. An inspection of the minutes would reveal an astonishing number and variety of subjects that come up for consideration. Between fifty and sixty meetings of the entertainment and membership committees were held and many of special committees, notably of the municipal golf links committee, practically all of which were attended by pour president and at least one other director. From the secretary's office 10,228 pieces of mail went out, including 8,179 notices of meetings, 905 bills and receipts, and 1,144 letters. These figures take no account of the business connected with the District Conference, but refer only to the routine of the club.

The Recent Conference.

The District Conference, still fresh in your memories, takes first place amongst what may be called the purely Rotary activities of the club during the year. The whole-hearted co-operation which members gave to its organization resulted in what was universally acclaimed as a big success which reflected credit on the club througout the Rotary district and beyond, and, through the club, on our city.

We sent three delegates to the International Convention at Salt Lake in June. They gave a good account of themselves, and the club was honored by the selection of Joe O'Connell as one of the five members of the Canadian Advisory Committee.

Several of the officers attended the Officers Conference at Bellingham in October. These events, which are now held periodically, serve a useful purpose in promoting co-operation and good feeling between the clubs of the district. Some of our members took a leading part in organizing the newly formed Nanaimo club. District Governor Clayton Williams paid us an official visit in January.

The International Association having requested local clubs to mark Rotary's fifteenth birthday, which fell in February of this year, with a publicity campaign, full page ads were inserted by this club in The Times and Colonist, from copy supplied by the association, and a number of news stories were run at the same time.

Distinguished guests entertained during the year included General Sir Arthur Currie, at a special luncheon on his return from France, when he accepted honorary membership; Clement Shorter, Rev. Leslie Pidgeon, Gypsy Smith, General Ross and Bishop Brewer.

Boys' Work.

Coming to patriotic, charitable and civic activities, the year was marked by the creation of the Boys' Work Committee, which with Dr. Raynor as chairman and Lloyd Mutrie as secretary has done valuable work on which it has recently reported to you direct.

The Christmas Tree Committee, with the help of a sum of approximately $4,000 subscribed by the public were able to brighten the festive season for a large number of children. The presents distributed consisted chiefly of articles of clothing and included nearly 300 pairs of shoes, 200 suits of underclothing, 200 sweaters and miscellaneous garments, including a number of suits, 50 dresses, 200 pairs of hose, 14 overcoats, besides $100 worth of toys, $400 worth of groceries and a few tons of coal for the more necessitous cases. A small balance of the fund is still in hand, and an audited statement will be published shortly.

Other Activities.

The Municipal Golf Links Committee, under Gordon Jameson, has, with the assistance of several non-Rotarian members, labored hard for nearly a year, and the people of Victoria will have the opportunity to say whether or no they wish a Municipal Golf Links.

An Industrial Development Committee held a number of sittings, and collected much valuable information bearing on the prospects of the wooden shipbuilding industry. Subsequently Frank Giolma, chairman of the committee, represented the club on the delegation that went to Ottawa in December to successfully impress on the Government the need for support of the said industry in Victoria. The expenses of our representation were defrayed by the subscriptions of a few members.

A. C. Flumerfelt's committee charged with the duty of making recommendations regarding the then prevailing industrial unrest rendered a valuable report which was the subject of discussion at several meetings.

J. H. Beatty represented the club at the Dominion Educational Conference held in Winnipeg in October.

The challenge trophy presented by the club for competition in seed growing and development of citizenship among the schools of the district was the means of arousing keen competition which promises to increase in the coming season.

The club took an active part in organizing the Red Shield Campaign and the Anglican Forward Movement. A number of members assisted in giving two treats to the children of the Protestant Orphans Home.

Good support was given by members to appeals for cars for the entertainment of, among others, the conventions of the G. W. V. A., the National Editorial Association and the Livestock Union.

A collecting depot for literature for lighthouse men, established in the secretary's office, has been kept well supplied.

A decorated car was entered in the Peace Day parade, and a float was contributed to the recent Victoria Day parade in honor of the Hudson's Bay Company's celebration.

As in other years very many members have upheld the prestige of the club, and have proved the value of their rotary training by the efficient service they have given to numerous other organizations, both in elective and appointive offices and as workers in the ranks.

During the banquet songs were rendered by James Hunter and Frank Brawn, the accompaniments being played by Benjamin Bantly. Lieut. Bob Webb led in community singing. After the dinner, which was served by the White Lunch, Ltd., under the direction of Rotarian Peter Schmeelk, the hall was cleared and the Rotarians and the numerous ladies present enjoyed dancing for several hours.

AutoStrop Razor
—sharpens itself

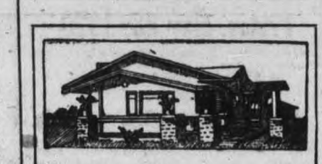
Intensive Cultivation

Is what is needed on the high priced land adjacent to the large towns. Brains are needed as well as brawn, but to the man who selects his site wisely, plants his land intelligently, cultivates and enriches his land properly, and markets his crop to the best advantage, success is assured. We have a 10-acre place—a money maker—planted out as follows: 1,800 loganberries, 1,000 raspberries, 400 black currants, 40 assorted fruit trees, 2 acres in mangolds, balance of the land in timothy and clover. Soil is deep black loam.

The house is a fully modern 5-roomed bungalow, full sized basement, hot and cold water, bath and toilet. Barn 20x28, 3 hog-pens with concrete floors, cow barn to house 8 cows.

Situate 5 miles from Victoria.
Price $13,500.

Robert Grubb
Mahon Block (Over 15c. Store).
1112 Government Street.



4163—A real snap, 6 rooms and hall, pass pantry and small trunk room; full cement basement with good furnace; large lot, 50 x 142, and fine garden. This house is well built and has gas in house and is situated in the nicest part of James Bay, 121 Government Street. Price only $4,500.

4164—129 acres bush land, with about 1,000,000 feet good timber, easily logged. A skid road is built to the water, about one mile distance. This land is located close to Victoria and is a fine proposition for a couple of men to log off the timber at a very small cost. A good wagon road runs through the property. Plenty of good water and a large portion of the land is good soil, level and easily cleared.

Notice

Owing to the numerous enquiries we have received for acreage and timber tracts, we have been fortunate in securing the services of experts in these lines, and we have recently appointed a local representative in North Saanich, covering the district from Saanichton to Deep Bay, Patricia Bay, etc., and are in a position to report as to values and soil conditions in this district.

Come in and talk it over with us. We can satisfy your needs, no matter how large or small.

NOTICE

CORPORATION OF THE CITY OF VICTORIA.

GOLF COURSE REFERENDUM

TAKE NOTICE that, pursuant to a Resolution adopted by the Municipal Council of the Corporation on the 7th day of May, 1920, the opinion of those Municipal Electors of the City of Victoria qualified to vote on money by-laws will be taken by ballot, pursuant to the "Victoria City Act, 1920," on

Friday, May 28, 1920

between the hours of 9 o'clock in the forenoon and 7 o'clock in the afternoon, on the following question, namely:

QUESTION

ARE YOU IN FAVOR of the Corporation paying from its current revenue any amount up to the sum of $6,666.66 in each of the years 1920, 1921 and 1922, toward the construction, development and equipment of a Municipal Golf Course, such Golf Course to be situated on the Hudson's Bay Company's property in the vicinity of the Uplands, subject to agreements that may be entered into by the Corporation with another Municipality, or other Municipalities, and with a duly incorporated Municipal Golf Links Association?

VOTERS ARE REQUIRED to express their opinion on the above question by marking a cross (X) on their ballots opposite "YES" or "NO" (as the case may be).

THAT THE PLACE at which the Polls for the said vote shall be opened and the vote of the said electors taken shall be at the building known as the VICTORIA PUBLIC MARKET BUILDING, Cormorant Street, in the City of Victoria, and that by the said Resolution William W. Northcott was appointed Returning Officer to take the said vote.

AND FURTHER TAKE NOTICE that the payments herein specified shall not be made until a referendum has been submitted to the electors of the Corporation authorized to vote on money by-laws and has received a majority vote of the persons that shall vote on such referendum.

WM. W. NORTHCOTT,
Returning Officer.
May 15th, 1920.
No. 8791

NOTICE

Is hereby given that application will be made by the undersigned to the Registrar of Joint Stock Companies on Thursday, the 24th day of June, 1920, for approval of a change of name of the company to "Brighouse Park, Limited."
THE BOWKER PARK COMPANY, LIMITED.
Dated this 19th day of May, 1920.
No. 8843.

APPLICATIONS

Will be received at the office of the undersigned until Monday, the 31st inst., at 3 p. m., for the position of Clerk of the Police Court.
Salary at the rate of $135 per month.

Your Hard Working Heart

By Lee H. Smith, M. D.

The heart is a wonderful double pump, through the action of which the blood stream is kept sweeping round and round through the body, at the rate of seven miles an hour.

A healthy stomach turns the food we eat into nourishment for the blood stream and the nerves. No one suffers from colds or catarrh who has plenty of red blood corpuscles and a good digestion. Catarrh in all its forms is a stagnation of the blood. Introduce pure red blood into the system, and health is assured. Dr. Pierce, over fifty years ago, gave to the public an alterative and blood tonic which he named his "Golden Medical Discovery." It is sold by all druggists the world over in tablets or liquid, and is just the thing to put the body in the best of condition. It is a tonic, alterative and nervine, which contains no alcohol, and has the ingredients printed on the label. "Golden Medical Discovery" assists the digestive functions, assimilating the food and taking from it what is necessary for feeding the blood. Thus the blood takes on a new vigor and vitality. This corrective remedy nature put in the forest for keeping us healthy. One feels strong, vigorous and full of "pep," instead of weak, nervous and "played out." Send 10c for trial pkg. of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or, send for a free medical booklet on any disease or free medical advice.

ADVERTISE IN THE TIMES

CAPT. TROUP TO BECOME CANADIAN

Capt. J. W. Troup, manager of the B. C. Coast steamship service of the C. P. R., with headquarters in Victoria, applied to Judge Lampman today to become a Canadian citizen.

Capt. Troup in his application says that he was born at Portland, Ore., on February 5, 1855. In 1892 he came to Canada by way of Nelson, B. C., but has since retained his United States citizenship.

Judge Lampman will hear his case on September 8.

Edgar A. Evans, of 1324 George Street, born in London in 1863, has also applied for Canadian naturalization. He came to Victoria in 1911 as an American citizen. His case will be heard on July 9.

Bernhard Gunelius Evensen Odberg, who has been living on Saturna Island for the past five years, and was before that at Keating, is to have his application heard on the same day as Capt. Troup. Mr. Odberg was born at Larvik, Norway, April, 1881. He came here in February, 1910, after having become a citizen of the United States.

John Karachale, of 424 Powell Street, was born in 1883 on the Island of Evia, Aegean Sea, Greece, and came here in July, 1914. His application will be heard on September 8.

TRUCK SPEEDING PUZZLES POLICE

Newspaper Story Only Evidence Against Motor Salesman

J. Ernest Eve, sales manager of the Reo Shell Garage, was hailed before the provincial police to-day and charged with speeding because he made the trip from Victoria over the Malahat to Ladysmith in a new light speedwagon truck in one hour and fifty minutes.

The only evidence the police had of the fast time the truck made was the story of the incident printed in The Times. Inspector Murray produced a pile of letters, chiefly from up-Island people, quoting the news story in this newspaper, asking why such terrific speeding was being allowed on Island roads.

"I suppose if I were driving a car that was being filmed by a moving picture camera, I would have to carry a sign on the back to notify the police and the people of the country of the errand I was on," said Mr. Eve, questioned by the police. "I have been driving fifteen years without an accident."

The police warned Mr. Eve that although his truck was an exception to the rule and could travel faster than most pleasure cars, truck-speeding, although rare, was just as much contrary to law as any other kind of speeding.

The police are puzzled as to how they should handle the case, as they have no direct evidence, only the story of Mr. Eve himself published in the newspaper. In the meantime, letters are coming again saying there is enough pleasure car speeding without trucks taking it up.

Save Against the "rainy day"

The thought of being dependent some day, when illness or old age takes away one's ability to earn, is rightly distasteful to the Canadian mind.

The simplest, surest way to offset this is to open a Savings Account and add something to it every week. Come in and we will gladly explain.

WIFE SUPPORTS FAMILY

Ladysmith Woman Seeks Protection of Court to Keep Husband From Interfering With Business

Swearing that her husband "does more boozing than working, drinks booze by the barrel, threw me out on the street, gave me so many kickings and beatings that I cannot remember," Mrs. Julia Bores, of Ladysmith, before Mr. Justice Macdonald in the Supreme Court to-day brought action against John Bores for an injunction restraining him from disposing of goods or chattels or in any way interfering with the $500 grocery business she carries on at Ladysmith. She is asking for a judicial separation, the two actions being tried at the same time.

Two Roman Catholic priests and more than a score of witnesses from up the Island have been summoned.

Mrs. Bores in the witness box told how she as a Lithuanian girl came to the United States, worked in the silk mills of New England, married at 26, was the mother of four children and then came with her husband and family to Ladysmith, where he became a miner.

Mrs. Bores swore that her husband spent all the money he made so that she had to take in the washing of twelve men and make bread to support her children. She saved enough money after a few years to start a tea room and finally a candy and grocery store.

"During the strike of 1912 and 1913, for two years my husband did no work, just living at home like the other men," she told the court. "He had no interest in the store, as I ran it and paid all the bills. He ordered the store calendars, but had his own name put on them because he liked to see his name in print and give the calendars to his friends. He gave me $50 once, but then went and borrowed $60 from me."

W. H. Langley is appearing for Mrs. Bores and Arthur Leighton, of Nanaimo, for the husband.

BAREFOOTED CHILDREN NOW HAVE FOOTWEAR

One Practical Result of the Polish Relief Enterprise

New York, May 28.—There is one more shoe factory running in Poland, 250 jobless, destitute shoemakers are back on the payroll after several years forced idleness and 10,000 barefoot children are soon to have shoes.

That's one way Isidor Hershfield, American Jewish Relief Commissioner in Poland is combining relief and reconstruction work. He found the factory in Vilna, subsidized it with relief funds at his disposal, gave employment to 250 hungry Jewish workmen and immediately began turning out children's shoes.

He plans on securing 10,000 pairs at once to give some relief to the hungry, barefoot children of Poland. Pair Number One was sent as a souvenier to the Joint Distribution Committee in New York, which is the disbursing organization of the American Jewish Relief Committee and its allied bodies.

Mr. Hershfield stated that the shoes retail for 90 marks, which is a little over $2 at the present rate of exchange.

GUS LYONS BACK

Fixed Up at Orthopedic Hospital After Losing Leg in France; Enters Bond Business.

Capt. Gus Lyons, M. C., D. C. M., Croix de Guerre, who had his leg blown off at Cagnicourt on September 2, 1918, after thirty-three months' service in France, returned to Victoria last night after being outfitted at the Toronto Orthopedic Hospital. He was an original of the 16th Battalion, going overseas as a Tommy. Mr. Lyons is entering the bond department of Burdick Bros.

PRESCRIPTIONS LIMITED.

Washington, May 28.—In an effort to defeat the "indiscriminate sale" of liquor on physicians' prescriptions, Commissioner Williams, of the Bureau of Internal Revenue, issued a ruling to-day limiting the number of permits allowed each physician to 100 for each three months, except with "good cause."

TO-DAY'S EXCHANGE

(Burdick Brothers, Limited.)

New York, May 28.—Sterling to-day, $3.92

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, May 28.—The market was extremely quiet to-day and practically no business was consummated. There was a little demand for No. 3 grade oats at ¼ cent premium over May, but other grades of oats, barley, flax or rye had no buyers. With nobody trying to sell, indications are that stocks are pretty well cleaned up.

Oats closed 4¼ cents lower for May, 2⅝ cents lower for July, and 1⅝ cents lower for October; barley closed ⅝ cent lower for May, 1⅛ cents down for July, and 3⅞ cents lower for October; flax 7 cents down for May and 6 cents lower for July; rye 4 cents higher for May. Quotations:

	Open	High	Low	Close
Oats—				
May	127¼	127¼	122⅞	123
July	113	114	111	111¼
Oct.	88⅝	88⅝	87⅛	87¼

EUROPEAN BONDS

The discount in exchange offers real investment opportunities in the purchase of the internal loans of foreign countries.

By buying European bonds now, the investor assures himself of a good return on his money as well as a sure profit as the exchange moves towards normal. In addition, many of these loans have redemption features that add materially to their attractiveness.

Careful switches into such bonds from depreciated domestic securities having a doubtful or greatly reduced earning power are advisable in that they give the investor sound security with the possibility of large profits.

VIOLENT BREAK IN CHICAGO GRAINS

(By Burdick Brothers, Ltd.)

Chicago, May 28.—Opening at yesterday's closing levels the market for a short period advanced, but when reports came out that the switchmen's strike had been settled the market started to break and did not let up, closing at the bottom. July corn lost 8 points and Sept. corn lost 7 points. December corn opened at 134, the first sale of the option closing at 133. This option was offered some days ago at 147⅝. Selling of corn was influenced by reports that the railroads expected large receipts next week.
